

JURY TO PROBE PERJURY CHARGES

Graduates Of Junior College Are Presented Diplomas

IMPRESSIVE SCHOOL BOARD SLASHES TAX RATE NINE CENTS

EXERCISES CLOSE YEAR

Commencement Address is
Delivered By Dr. Sol-
dan of Santa Monica

STUDENTS HONORED

One Hundred and Eleven
of Two Junior High
Classes Also Promoted

OUTLINING the importance and
steps in developing an out-
standing personality, Dr. A.
J. Soldan of Santa Monica deliv-
ered an inspiring address yesterday
afternoon to the 1931 graduating
class and friends of the Santa Ana
Junior college at the annual com-
mencement exercises held on the
campus lawn in front of the
school. One hundred and four-
teen graduates received diplomas.

The class made an impressive
entrance down the two center
walks to the platform, the stu-
dents forming in two lines while
the faculty passed through and then
continuing to the music of the
college orchestra under the di-
rection of S. J. Mustol. The Rev.
O. W. Reinius of the Richland
Avenue Methodist church delivered
the invocation after the college
orchestra had played the overture
"Caliph of Bagdad" by Boieldieu.
The women's chorus sang "Cradle
Song" by Kreisler.

Dr. Soldan in his address said
that the greatest task before each
person was the developing of a
personality. "Many people lose
their individuality because of the
stress of making a living and do
not get the ultimate out of life,"
he stated.

"It is not mere activity and
achievement that brings success
but personality," the speaker de-
clared. "Personality is the key to
happiness and unlocks every lock
in the world. To be successful, it
is necessary to develop a person-
ality and history is full of what this
trait has done. Napoleon, Mus-
solini, Ford, Lindbergh, Caesar,
Jane Addams, Roosevelt, Peter and
many others instilled this charac-
teristic in their character with
great results," he said.

The three steps that Dr. Soldan
mentioned were necessary to de-
velop this personality were con-
sciousness of self, consciousness of
power and consciousness of obli-
gation. He clarified each of these
points, pointing out that one
should dare to be singular and not
accept the hereditary ideas un-
questioned, to determine the ways
of asserting power and developing
a true sense of obligation.

Cranston Presides

John Cranston, retiring superin-
tendent of schools who presided
over the services, then introduced
President D. K. Hammond of the
college who presented the class
for graduation to George W. Wells,
president of the board of educa-
tion. Wells responded and then
passed out the diplomas to the
graduates. Warren Schutz, presi-
dent of the sophomore class, ac-
cepted the diplomas on behalf of
the class.

The most eagerly awaited event
on the program was the presenta-
tion and announcement of hon-
ors, which was given by Dean Mc-
Kee Fisk. He read off names of
students who graduated "With
Honor" in scholastic achievement.

Nurse Turns On Gas, Then Plays Cards

NEW YORK, June 11.—
(UP)—Miss Marie Richey, 28,
a niece of the late Adolph J.
Lichstein, millionaire Chic-
ago grain broker, turned on
the gas in her two-room
apartment and tried to read
in the cards, as she sank in-
to unconsciousness, the future
that might have been, police
said today in reconstructing
her suicide.

Miss Richey, a graduate
nurse, was found dead with
the ace of hearts clutched in
her hand. The card bore an
undecipherable scrawl, but
police attributed her act to an
unhappy love affair, a
theory discounted by a rela-
tive in Darien, Conn.

Witnesses In Spencer Case Hurt

One Kidnaped and Other
Is Injured and Appeals
For Medical Aid

LOS ANGELES, June 11.—(UP)—
A major sensation in the in-
vestigation of the murders of
Charles Crawford, political boss,
and Herbert Spencer, magazine
editor, was created today when the
district attorney's office announced
that W. E. French, a witness in
the case, appeared at the office for
medical treatment for injuries mysteri-
ously inflicted.

French, who is one of the prosecu-
tion's chief witnesses against
David H. Clark, former deputy dis-
trict attorney, charged with the
double murder, only a few days ago
vaguely sought protection as the re-
sult of numerous threats against
him and members of his family, it
was reported.

French was treated at the dis-
trict attorney's office by county
jail physician Benjamin Blank and
then questioned behind locked
doors.

This incident, occurring within a
few hours after an asserted attempt
to kidnap another witness in the
case, Mrs. Ethel Hamlin, of Walnut
Park, was the subject of an im-
mediate investigation.

From the moment that French
made his unheralded appearance at
the district attorney's office, his
bandaged head indicating that the
entire side of the head and one eye
had been injured, not a hint was
given by the authorities as to the
manner in which he received the
wounds.

Hustled into the office of As-
sistant Chief Investigator Jess Winn,
French was given treatment by Dr.
Blank, the only person admitted.
Dr. Blank also was sworn to se-
crecy after treating the man.

Questioned by reporters he said:
"I can't say a word boys. All I
am permitted to tell you is that
the injuries are not serious."

Deputy District Attorney A. H.
Van Cott, who, also was behind the
locked doors, began taking a new
statement from French. He was
even less communicative than Dr.
Blank.

Only a short time before Mrs.
Hamlin had told authorities of an
attempt last night to force her to
leave the city to avoid testifying
for the state. She declared that a
man had lured her into an auto-
mobile, offered to pay her well to
present her testimony for the prosecu-
tion in the case against David
H. Clark, the accused slayer, and
when she refused, she declared,
she was thrown from the car.

After being placed under guard
through the night, by district at-
torney's investigators, Mrs. Hamlin
this morning began a new state-
ment for the prosecution this morn-
ing.

The testimony of both Mrs. Ham-
lin and French is similar in that
both happened to be near the scene
of the shooting in the Sunset bou-
levard office of Charles Crawford
last May 29 each told of having
seen first Herbert Spencer, mortally
wounded, stagger from the office
and the men believed to be Clark
came forth, and last a third "short
dark man" whose identity never
has been fixed definitely.

STIMSON WILL DISCUSS WAR DEBTS ON VISIT TO LONDON

BERLIN, June 11.—(UP)—
A three-cornered conference on
war debts and reparations
among the United States, Great
Britain and Germany during the
forthcoming visit of Secretary
of State Henry L. Stimson was
anticipated in government quar-
ters today.

Arthur Henderson, British for-
eign secretary, will arrive in
Berlin about the same time that
Colonel Stimson reaches the
German capital, it was learned.
He and Premier J. Ramsay
MacDonald of Britain were in-
vited to Berlin for further con-
versations on Germany's prob-
lems.

The presence here of both
Henderson and Stimson, it was
indicated, almost inevitably will
lead to a consultation among
these statesmen and govern-
ment leaders concerning prepa-
rations and war debts.

German officials hope that
the presence of Henderson will
help to impress upon Colonel

Stimson the urgency of deci-
sive action. It further was in-
dicated that German diplomats
would be instructed to make
contracts with Secretary of
Treasury Andrew Mellon, who
is reported planning to come to
Europe soon.

The government meanwhile
intends to postpone declara-
tion of a moratorium until after
Colonel Stimson's visit. Stim-
son is expected in Berlin the
week of July 21 to 28. The
postponement of the moratori-
um, however, will not deflect
the government's plan to pur-
sue its real goal, namely, a
three-year reparations holiday.

According to present plans,
after the Anglo-American con-
versations in Berlin, a Franco-
German meeting is envisaged,
and probably Italy-German par-
leys perhaps in Switzerland.
Germany apparently hopes that
a general reparations confer-
ence may emerge from these
consultations.

Surplus Of \$42,000 Is Discovered

Special Meeting Is Held
This Morning and Ac-
tion Is Taken

DRAWING ON A surplus which
has been accumulated in the
past in the elementary bond in-
terest and redemption fund for the
purpose of retiring outstanding
bonds and making interest pay-
ments as due, co-operation of
County Auditor W. T. Lambert
with the Santa Ana board of edu-
cation has resulted in a situation
which will result in a slash of at
least nine cents from the city
school tax rate, with possibility
that the slash will reach the sum of
10 cents.

The proposed reductions, which
were determined upon by the board
in a special meeting today for rec-
ommendation to county authorities,
call for a total tax rate for the
coming year of \$2.37, as compared
to \$2.47, which was imposed this
year.

The board had felt that reduction
in the assessed valuation, made
this spring by County Assessor
James Sleeper, would result in an
increase in the tax rates required
to provide funds for redemption
of bonds and payment of interest,
but investigation made since the
meeting Tuesday night, resulted in
the discovery of a balance of \$42,-
000 in the fund, from which it was
agreed to appropriate approximately
\$10,000 to provide for a reduction
that would make a net out of
four cents in this rate.

Added to the five cent cut in
the operating rate on which the
board had virtually decided Tues-
day night this made a total out of
nine cents slashed from the rate
which the tax payers of the district
would be called upon to pay for
school support and administration
next year. The board at its special
meeting today decided to recom-
mend to county officials that
enough more be taken from the
surplus to provide for a five cent
slash, making a total 10 cent re-
duction.

Comparison Made

The total rate this year and a
comparison with the recommended
rates for the coming year are as
follows: with the first figure rep-
resenting this year and the second
the coming year: kindergarten, 15
cents, 15 cents; elementary, 30
cents, 30 cents; elementary
building, 15 cents, 10 cents; high
school, 15 cents, 10 cents.

(Continued on Page 2)

WILL ROGERS says:

BEVERLY HILLS, June
11.—[To the Editor of the
Register:] Out here in Los
Angeles the other day it was
suddenly brought to public
attention that when school
was out children that had
been given their lunches be-
cause their parents could not
afford it would be without.
Well, the response by every-
body was wonderful, but you
know that's a situation that's
liable to exist in a lot of
towns—they might just forget
that because school was out
there was no reason to keep
up the lunches, and there is
not a town or city that won't
gladly do it. People are mar-
velous in their generosity if
they just know the cause is
there, so just in case your
town might have overlooked
it, out here it was the Par-
ent-Teachers that did it. Some
towns might not have that.

Yours,
WILL ROGERS.

DEFENSE OF PANTAGES IS DEALT BLOW

Wealthy Oil Promoter Held
Incommunicado in Jail
In San Diego for Day
CHANCE TO EXPLAIN
Charges Made Following
Application of Wife of
Witness For Divorce

BULLETIN
SAN DIEGO, June 11.—(UP)—
The defense lost a bitterly
waged battle to gain a dis-
missal of conspiracy charges
against Alexander Pantages
and three co-defendants today
when Judge L. N. Turrentine
overruled a motion to strike
out testimony of Lydia Nitto,
chief accuser of the four.

SAN DIEGO, June 11.—A
bombshell was tossed into the
defense ranks of Alexander
Pantages and three co-defendants
on morals charges today, when
accusations of subornation of per-
jury, assertedly involving Jesse
Shreve, one of the defendants,
were in the hands of District At-
torney Thomas Whelan.

Whelan announced he would call
the grand jury to immediately lay
the charges before it.

E. Byron Slens, wealthy oil pro-
moter and sportsman, who was one
of those accused of the purported
offense, was held incommunicado
in jail.

Mrs. Slens, according to Whelan,
said she and May Cornell had
been asked to give false testimony
at the trial of Shreve, but that
when she refused, her husband
kicked her and ordered Miss Cor-
nell from the house.

The asserted offense came to
light when Mrs. Slens filed suit
for divorce, charging her husband
kicked her because she refused to
"lie on the witness stand" to help
Shreve.

Whelan said he would give
Shreve, his brother, Archie, and
C. J. Baessler, one of his attorneys,
an opportunity to explain the in-
cident today.

From the Shreve camp came an
entirely different version of the
affair, and the announcement that
an investigation would be welcom-
ed.

Archie Shreve declared that the
women approached him early this
month and related incidents which
occurred at the home of Jesse
Shreve on October 29, when John
P. Mills, a co-defendant in the
morals trial, went to Shreve's
house to use the telephone.

"Mills told Shreve that he had
some friends coming down the
next day from Los Angeles, and
asked Shreve to entertain them
until he could return from the
trials."

"Shreve declared he would be
glad to, and Mills placed a long
distance call," Mrs. Slens was
quoted as saying.

(Continued on Page 2)

GRAND JURY TO MAKE PROBE OF RICHFIELD OIL

Will Look Into Charges of
State Head That Funds
Misappropriated

LOS ANGELES, June 11.—(UP)—
A complete grand jury investi-
gation was promised today by
Deputy District Attorney Bonner
Richardson into charges that for-
mer high officials of the Richfield
Oil company misappropriated more
than \$1,000,000 of the company's
funds.

The charges were made in an
eight page letter sent to the dis-
trict attorney's office by State Cor-
poration Commissioner R. L.
Haight and turned over to Rich-
ardson for investigation.

The Richfield company has been
in the hands of a receiver in
equity for several months.

Haight said in his report, which
followed an investigation lasting
several weeks, that the Richfield
company carried a deficit of \$54,-
219.00 on last January 1, and
charged former officials with mak-
ing "unauthorized withdrawals" to-
talling approximately \$1,000,000.

Those listed by Haight as hav-
ing made the withdrawals were:
C. M. Fuller, former president of
Richfield; J. A. Talbot, former
chairman of the board, who filed
a voluntary petition in bankruptcy
in San Francisco last Tuesday;
R. W. McKee, former assistant to
Talbot, and A. M. Kelley, who is
at present a vice president of the
company.

In detailing accounts of various
directors Haight said that Talbot's
debit balance of \$32,144.73 on Janu-
ary 1, 1928, increased to \$142,-
688.53 on January 14, 1931. The
last figure, Haight said, represent-
ed the amount due Talbot after re-
ceiving the following credits:
salary \$107,407.32; bonus \$104,-
236.07; expense accounts \$122,459.90
and miscellaneous \$133,881.73.

The account, Haight pointed out,
showed over more than \$300,000 in
cash advances and reflected charges
including upkeep of yacht, stock
transactions, expenses of son and
taxes on private property.

The account of R. W. McKee,
assistant to the chairman of the
board, showed a debit increase of
\$6706 on January 1, 1928 to \$119,-
891.26 on January 4, 1931.

That of A. M. Kelley's, vice-presi-
dent, showed a debit balance of
\$84,340.21. Of the total charges

Model Completed By Cata- lina Man Attracts Atten- tion of Government

VALON, Catalina Island, June
11.—(UP)—An experimental
model of a combination dirig-
ible and airplane, which is ex-
pected by its inventor to be able
to navigate successfully through
the stratosphere, will be rebuilt
at a plant in Tennessee, Captain
John Hodgdon announced today.

Capt. Hodgdon, whose work
has come to the notice of the war
department, will leave next week
for Tennessee to work on the new
model in collaboration with George
Hardin.

The inventor did not reveal
where the "stratosphere ship"
would be constructed.

The house military committee
at Washington has asked for a
report on his invention, Capt.
Hodgdon stated.

The small model he has com-
pleted has a dirigible body with
short airplane wings protruding
on each side. There are five ad-
justable propellers. They are sit-
uated as follows: One at the nose
of the ship, one on each wing and
one on each rear fin.

A sealed cabin, built into the
bottom of the bag, will make it
possible for people to fly through
the rarified space known as the
stratosphere.

The wings on the ship are ex-
pected to give the dirigible the
proper poise required for naviga-
tion in the upper regions while
the propellers would give the
ship proper control of the ship's
course and in bringing the craft
back to earth, Hodgdon said.

The first model of the "strato-
sphere ship" was made by
Hodgdon with the assistance of
the Hamilton junior high school
aviation club at Long Beach.

STRATOSPHERE PLANE WILL BE REBUILT SOON

Model Completed By Cata-
lina Man Attracts Atten-
tion of Government

VALON, Catalina Island, June
11.—(UP)—An experimental
model of a combination dirig-
ible and airplane, which is ex-
pected by its inventor to be able
to navigate successfully through
the stratosphere, will be rebuilt

the Hamilton junior high school
aviation club at Long Beach.

COL. LINDBERGH PLANS TO USE NORTH ROUTE

Famous Flyer and Wife Are
Guests of Honor Dur-
ing Capital Visit

WASHINGTON, June 11.—(UP)—
Charles A. Lindbergh, here
to attend luncheon in his
honor, told the United Press today
that "it is very likely" his flight
to the Orient will be over "the
northeastern route."

He said his plans still were in-
definite and it would be "several
weeks" before he could set a defi-
nite date for his departure.

Lindbergh arrived by plane soon
after 11 a. m. from New York. He
was accompanied by Mrs. Lind-
bergh, who, with her husband, at-
tended a luncheon given in their
honor at the Japanese embassy.
Lindbergh also is expected to call
upon one or more officials here in
connection with his proposed flight.

Considerable time will be re-
quired to establish fuel and supply
bases along the route, Lindbergh
explained, after he finally deter-
mines the route he is to follow.

Asked if he expects to fly across
the continent in his way to the
Orient, he replied:
"No, it's very likely we may take
the northwestern route."

He also said he was not consid-
ering a southern route through
Panama and thence up the Pacific
coast.

"That's a long way out of the
way," he explained.

LEGISLATORS USE FISTS IN SPRINGFIELD

Law Books Hurlled and
Tumultuous Session Held
By Illinois Solons

SPRINGFIELD, Ill., June 11.—
(UP)—Fists flew and books
were hurled during a tumultuous
session of the Illinois legislature
last night.

Proposals to reapportion the
state and help Chicago out of its
financial difficulties caused booz-
ing, hurling of law books, and
actual fistfuffs directly in front
of the speaker's desk.

Republicans and Democrats lined
up solidly against each other over
the question of splitting the state
into 27 new congressional dis-
tricts.

The Republicans, who hold a
majority of 81 to 77 in the house,
had just succeeded in getting a
vote on the question of adopting
their caucus amendments, when
the trouble started.

Thomas J. O'Grady, (Dem., Chi-
cago), rushed to Speaker Shanahan's
desk, and grabbed the roll
call pad. Shouts of "robbers,"
and "punch-climbers," arose among
the Republicans, who jumped to
the feet.

"Kick the aldermen out," yelled
one downstate representative in
reference to O'Grady's mem-
bership in the Chicago city coun-
cil.

Several Republicans charged
from their seats upon O'Grady,
but Doorkeeper F. J. Leonard had
beaten them to it and was wrest-
ling with the Democrat for pos-
session of the pad. O'Grady fought
back and fists flew freely for a
few minutes before order was re-
stored and the pad placed back
on the desk.

From then on the fight was
principally verbal until just be-
fore midnight when the Republi-
cans, by a vote of 71 to 70,
passed their amendments.

The party fighting centered
about a Republican desire to re-
district the state this year, while
they are in control. Democrats

NO LIFE ON SUNKEN BRITISH SUBMARINE

LONDON, June 11.—(UP)—The
admiralty announced today that
the British commander-in-chief of
naval forces in China had reported
there was no truth in a report
that any men entombed in the
sunken submarine Poseidon were
alive.

The aircraft carrier Hermes re-
ported it received no reply to ex-
ternal tapping on the hull of the
Poseidon.

FLAPPER FANNY SAYS:

Many a bride's high ambitions
are destined to fall pretty flat.

Discover Bodies Of Prize Fighter, Divorcee In Home

NORTH ADAMS, Mass., June
11.—(UP)—Bodies of a young
prize fighter and an attractive di-
vorcee he had planned to marry
were found under mysterious cir-
cumstances in the home of the
woman's father here today. Both
had been shot through the head.
The victims were Clayton Ut-
ting, 28, formerly of Syracuse, N.
Y., known in the prize ring as
Young Utting, and Mrs. Evelyn
Gary Medlock, 27.

Although Medical Examiner
James W. Bunce first believed it
was a murder and suicide—a .32
calibre automatic pistol was
clutched in the dead man's hand
—subsequent evidence caused him
to change this theory.

BAKER APPEARS IN MCCORMICK ACTION

SPRINGFIELD, Ill., June 11.—
(UP)—Newton D. Baker, secre-
tary of war during President
Woodrow Wilson's administration,
appeared today before the state
supreme court to offer arguments
in a case involving the naming
of a conservator for Stanley Mc-
Cormick, wealthy Chicagoan.

The suit to have a conservator
appointed was brought by Mc-
Cormick's wife, who declared her
husband had been demented since
1908.

Relatives of McCormick are op-
posing his wife's move. They
claim that service cannot be ob-
tained on him in Illinois because
he is residing at Santa Barbara,
Calif.

Baker argued that although Mc-
Cormick is living in California he
is domiciled in Illinois and that
service on him by mail is consti-
tutional.

BODIES OF MEXICAN STUDENTS IN TEXAS

SAN ANTONIO, Tex., June 11.—
Authorities took precautions to
prevent disorder today as the train
bearing the bodies of Emilio Cor-
tes Rubio and Manuel Garcia Go-
mez, Mexican students slain in
Oklahoma, arrived here. The train
pulled in and out without an out-
break of any kind.

Though there are many thousand
Mexicans in San Antonio, most of
them are political exiles and op-
posed to the Ortiz Rubio govern-
ment.

Luis Lupian, consul general of
Mexico, was among the throng
which gathered early at the Mis-
souri Pacific station to place
wreaths upon the caskets of the
two youths.

Execution of S. F. Slayer Delayed By Date Coincidence

SACRAMENTO, June 11.—(UP)—
The execution of Charles Simp-
son, San Francisco, confessed
"torch slayer," scheduled for July
10, may be delayed because of a
coincidence in dates.

July 10 is the anniversary of
the death of Governor Rolph's
mother and he has indicated a
delay in the execution of Simp-
son will be granted.

Rolph yesterday granted a 90-
day reprieve to Frank Franko,
Santa Clara county, because his
execution date coincided with the
governor's wedding anniversary.

C. C. Julian Must Use Airplane To Keep Court Date

OKLAHOMA CITY, Okla., June
11.—(UP)—C. C. Julian, Oklahoma
and California oil operator, was
advised today he had better use
his airplane to keep a court en-
gagement scheduled here for to-
morrow.

When Judge Ore Busby was told
yesterday that Julian could not
be present at a garnishment
hearing brought by a former asso-
ciate holding \$191,000 in judgments
against the operator, he demanded
that Julian appear in court Fri-
day.

"No, I won't delay another day,
he can get back here from Califor-
nia by that time. He can use
his airplane," the judge said.

John Salberry, of Los Angeles,
has brought numerous suits
against Julian in an effort to at-
tach property to satisfy the judg-
ments.

Aviatrix Awaits Good Weather for Atlantic Flight

NEW YORK, June 11.—(UP)—
Miss Ruth Nichols, holder of the
world's altitude and speed records
for women, hopes to take off with-
in a few days on a trip to New-
foundland, the first stage of her
flight alone across the Atlantic.

Final tests under guidance of
Clarence D. Chamberlin were made
at the Jersey City airport today.

As soon as the weather clears
along the New England coast she
plans to take off for Harbor Grace,
where she will await only favor-
able ocean weather reports to start
on her trans-Atlantic flight.

ASSEMBLYMAN HELD GUILTY OF BATTERY

SACRAMENTO, June 11.—(UP)—
State Assemblyman Dan W. Em-
mett, Santa Paula, was found
guilty of battery late yesterday
at the conclusion of a jury trial
in police court.

Emmett was charged with hitting a
traffic officer on the nose as the
outgrowth of an altercation fol-
lowing an asserted infraction of
a minor traffic law near a

Dr. Rowland Elected Head Of Fourth District Lions

TO ESTABLISH HEADQUARTERS IN SANTA ANA

GOVERNS LIONS

Dr. Elliott Rowland, below, has been elected governor of the fourth district, Lions International. He will establish headquarters in Santa Ana. His election came yesterday at Yosemite park, where the district convention was under way.—Photo by Cochems.

Delegates to the fourth district Lions convention at Yosemite park yesterday unanimously elected Dr. Elliott H. Rowland, of Santa Ana, district governing with jurisdiction of clubs in California, Nevada and Hawaii. Election of Dr. Rowland came after the nominating committee reported that "the feeling of the delegates is so strong in favor of Dr. Rowland that no opposing candidate has been considered." This recommendation was made in recognition of Dr. Rowland's service as deputy district governor for the past three years. Election of Rowland automatically locates district headquarters in Santa Ana.

Congratulations were extended the new district governor by Past International Governor Ray L. Riley.

The new district leader has been active in civic affairs in Santa Ana for the past 12 years and was the first president of the local Lions club when it was organized more than eight years ago. He was instrumental in securing for Santa Ana the district convention six years ago. This convention is still referred to as the most successful of fourth district delegates.

Speaking of his election Dr. Rowland said this morning:

"Of course I am proud of the honor conferred upon me by Lions of the fourth district. I am proud because it gives me further opportunity to serve an organization that has developed into one of the leading service organizations in the nation. For the past three years and 10 months our organization has increased at the rate of one club each day.

"This increase was not through intensive organization work but through club contacts with the various communities. Lionism embodies the ideals of real community service and with ideals such as ours the growth is natural.

"A feature of the election that is important to Santa Ana is the fact that district offices of the organization will be located here and an executive secretary working under my jurisdiction will open offices within a short time."

Dr. Rowland succeeds Cyril F. Schubert, of Sacramento, who was presented with a diamond ring by delegates to the convention yesterday. Los Angeles was the city chosen for the 1932 convention.

SURPLUS OF \$42,000 IS DISCOVERED

(Continued from Page 1)

school, 75 cents, 75 cents; junior college, 26 cents, 26 cents; high school bond interest and redemption, 35 cents, 35 cents; elementary bond interest and redemption, 48 cents, 48 cents; total \$247, \$238.

This shows, that as had been anticipated by the board, there would have been an increase in the rate of the bond tax unless the surplus was utilized for reductions. The rate on the high school fund, where there was no surplus available, had to be raised from 38 to 48 cents. A cut of five cents, from 48 to 43 cents, in the elementary bond fund rate, was provided by appropriation of \$10,000 from the surplus of \$42,000. Otherwise it would have at least remained as much as last year, if not more.

Members of the board expressed satisfaction at being able to trim expenses and make use of surplus funds to provide for a decrease in the rate thus easing somewhat the burden on the tax payers of the community in these times.

Rates which will be recommended to county officials are based on an assessed valuation of \$21,000,000 in the elementary district and \$22,000,000 in the high school district.

Hope was expressed by members of the board that it would not be necessary to dip into the operating surplus to provide for the decreased revenue represented by the cut of five cents on the elementary building fund, on the grounds that the administration might be able to make savings over the estimated expenditures and on the further ground that the actual assessed valuation on which the figures were based might be more than the estimate used in arriving at the estimated revenues to be obtained from taxation, thus providing additional revenue.

The amount required the coming year for meeting payments of principal and interest on bonds is as follows: elementary bonds, \$100,135; high school bonds, \$85,710.

Santa Ana city school tax rates for the past four years and the estimated rate for the coming year, are as follows: 1927-28, \$1.97; 1928-29, \$2.04; 1929-30, \$2.14; 1930-31, \$2.47; 1931-32, \$2.38.

The action in setting up rates to be recommended to the county officials was taken on a motion by Marion Youel, seconded by Rolla Hays, and the action to recommend that a further use of surplus be arranged to provide a net decrease of five cents in the bond rate, was taken on a motion by Hays, seconded by Dr. Margaret Baker.

A conference with the Fullerton junior college board of trustees on the junior college situation in the county was arranged during the session this morning, to be held at a special meeting next Tuesday night in the Santa Ana city school administration office at 7:30 o'clock.

Other action taken by the board today was selection of Frederick H. Eley as architect for additions to the Lowell school. Eley was architect of the building when it was erected. Allison and Allison, supervising architects under the bond election, had waived their rights as architects for this work at the suggestion of the board.

Permission was granted to the Santa Ana Municipal band to use the high school stage for rehearsals during the summer months on the condition that the place be kept clean, that the band would be responsible for any damage and that it would surrender the auditorium any time it was required by the school authorities.

Care of Scalp and Hair

Nothing is so captivating as lovely hair, sparkling with life and luster. Scientific all treatments remove the scale and grime. Muscle and nerve stimulation tone the scalp. LEOLA SMITH 213 Sycamore Bldg. 8d at Sycamore

DIPLOMAS ARE PRESENTED TO J. C. GRADUATES

(Continued from Page 1)

which included Margery Adams, Thomas Clark, Geraldine Cole, Edward Conner, Elva Cook, Crysta Neill, Abbott Mason, Manfred Mueller, Evelyn Parks and William Reinhardt.

The Robert L. Brown prize of \$25 in gold to the most outstanding man and woman of the class, picked by faculty selection, went to Miss Elva Cook and Manfred Mueller. Only students graduating "With Honor" are considered for the award and it was interesting to note that Miss Cook was valedictorian of the class and Mueller salutatorian, only 1/100 of a grade point separating them.

Cash Prizes

The two First National bank prizes of \$25 in gold to the outstanding students in commerce were awarded to Miss Jean Berger and Bruce Harbottle. The Beta Gamma prize of \$25, offered for the first time to the outstanding student in extra-curricular activities and service to the school, was won by Miss Marian Parsons, who had among her activities the championship of the annual Fiesta and presidency of the Associated Women Students and Women's Athletic association.

The men's chorus sang "Bugle Song" by Buck, Rev. Reinius offered the benediction and the class marched from the platform while the orchestra played the "Success March."

Enjoying a varied program of music, speaking and schoolwork display, 111 graduates of the Frances E. Willard junior high school and their parents and friends were present last night for the thirty-eighth promotion program of the school which was held in the high school auditorium.

The program was opened by the procession of graduates to the center section of the auditorium, with Mrs. Frances Hunt Beeson playing a march. The junior high school orchestra, under the direction of S. J. Mustel, played "Grand Opera Selections" by Ascher and the girls' glee club followed with "Summer Winds" by Strauss, being accompanied by Miss Elizabeth Lehnhardt and directed by Miss Jean Davis. Dorothy Randall gave a whistling solo, "Liebestreu" by Kreisler, being accompanied by Miss Genevieve Goble.

The next event was a demonstration of some of the work done by members of the class. Arthur Stranks acted as director of this part and introduced the students with their projects. Sewing was shown by Gertrude Vaughn and Edna Helm, who modeled dresses of their own making. Waldo Smith had a cedar chest and John Bittle a magazine rack from the woodshop department. Alfred Holderman displayed a lamp, Norman Codwell had a frying pan and Charles Gish had an electric toaster from the machine shops.

Four girls of the class were given gold pins for having been on the Honor Society five of their six semesters in school. These were Mary Jane Zinc, Mary Wallace, Louise Sexton and Annie Tucker. Five winning posters were shown by their makers, including Lucille Nichols, Margaret Sawyer, Annie Tucker, Louise Burgess and Luella Anderson.

J. F. Burke, editor of The Register, gave a short talk lauding the school before presenting a silver cup to the school as winner of the annual essay contest sponsored by the Santa Ana W. C. T. U. on temperance. He called attention to the fact that the namesake of the school, Frances E. Willard, had been the founder of the W. C. T. U. and it was quite appropriate that the Willard school should win the Register cup in its second year of competition. Stranks accepted the cup from Burke.

Miss Pearl Nicholson of the Santa Ana W. C. T. U. then presented Robert Tuthill with a check for \$3 for winning the ninth grade essay contest, telling of the fight being made for temperance and congratulating the Willard students on the interest displayed in the contest.

Beatrice Granas offered a piano solo, "La Campanella" by Paganini-Liszt, followed by two numbers by the boys' glee club, "Nightfall" by Liszt and "Send Out Thy Light" by Gounod. Lyle Mitchell, principal of the school, presented the class for graduation to John Cranston, superintendent of schools and then read off the names of the graduates, who stood as their names were called. Cranston then passed out the diplomas to the graduates and W. M. Clayton, vice-principal of the high school, accepted the class. The services closed with the flag salute by the class.

GRAND JURY TO MAKE PROBE OF RICHFIELD OIL

(Continued from Page 1)

approximately \$75,000 can be directly traced to stock transactions, Haight charged.

The Richfield company, Haight said, was organized August 6, 1930, with an authorized capital of 200,000 shares of no par value stock. Permits authorized the sale to employees, officers, directors, stockholders and bondholders of 80,000 shares at \$25 per share or not less than 10 per cent in cash on an eighteen-month payment plan.

In the event that a copy of each permit was not exhibited to prospective subscribers most of the subscriptions would be void, Haight said. He estimates that the company is liable for repayment of more than \$375,000, assertedly obtained under that plan.

Such payments, he said, were rendered impossible now since the company was in the hands of a receiver.

LEGISLATORS USE FISTS IN SPRINGFIELD

(Continued from Page 1)

wanted to wait until 1933 in the belief that they then will control the legislature. The same question was up in the afternoon, when O'Grady hurried a copy of the house rules across the floor at Representative Elmer J. Shanckenberg, a Chicago Republican.

Conflict over the proposals to add Chicago were less heated, but far from friendly. Representative Guy Smith of Pana complained at one point that downstaters were being "high-hatted" by Mayor Anton J. Cermak of Chicago.

Cermak was before a legislative committee most of the day begging aid in the crisis which has left Chicago millions of dollars in debt and with no money to pay its employees.

The day's discussions resulted in reading out of three bills which Cermak believed would aid some by helping re-establish the city's credit and making it possible to borrow money until taxes are collected.

DEFENCE OF PANTAGES IS DEALT BLOW

(Continued from Page 1)

It was this call which Mills testified he made to Mrs. Olive Clark Day which resulted in Lydia Nitto and Helen Livingston, accusing witnesses at the trial, being brought here for a party October 30.

"After Mrs. Siens and Miss Cornell told us their story, I had two copies made and gave them back for the women to sign and correct. We had planned to use this evidence in the trial to show Jesse Shreve was unaware of Mills plans," Archie Shreve declared.

"Later, Mrs. Siens called us up and said they would not be able to give the testimony, even in affidavit form, because of family troubles." The trouble, Mrs. Siens said, was being kicked by her husband for her refusal to give false testimony at the trial.

The affidavits which Shreve said he had prepared were then turned over to Whelan by the women when he began an investigation late last night.

"To charge that the affidavits in the possession of the women were given them to memorize, is utter rot," Archie Shreve declared. "They were merely copies of the statements given to us."

A charge of driving while intoxicated was placed against Seins today and an order to show cause why he should not be prohibited from entering his home until the divorce proceedings were settled, was signed by Judge C. N. Anderson.

Seins for several years was an official of the Italo Petroleum corporation of Los Angeles. The corporation was married in Tacoma, Wash., in 1911.

Whelan issued a call for the grand jury to meet at 2 p. m. today. He refused to state whether the jurors would be given evidence on the Shreve case.

Meanwhile, the trial of Pantages, Shreve, William Joblemann and Mrs. Day continued in superior

court, when Jerry Geisler, attorney for the theater magnate, argued his motion for an instructed verdict of acquittal on the count of conspiracy to contribute to the delinquency of the Nitto girl.

Although the four also are accused of contributing to the Nitto girl's delinquency, the more serious charge of conspiracy was bearing the brunt of the attack.

Geisler was attacking the testimony of Miss Nitto on the ground that as she was an accomplice to the asserted immoral acts, her testimony was valueless unless corroborated by impartial witnesses, which, he contended, the state had failed to do.

ORANGE COUNTY DAY SLATED AT FAIR TOMORROW

Tomorrow will be Orange county day at the Valencia Orange Show and Fair. Organizations throughout this section have been given special invitations to attend.

Last night in the fourth heat of the orange packing contest Doris Chapman and Mary Rogers, of the American Fruit Growers association, Fullerton, made the best time—9 minutes 29 and two-fifths seconds and 9 minutes 52 and two-fifths seconds respectively.

Glendora Heights Citrus association's team, June Kneely and Hazel Going, was second. Time: 9 minutes 29 and two-fifths seconds and 9 minutes 53 and two-fifths seconds. Addie Weatherwax and Jessie Welden, of American Fruit Growers, Corona, were third. Time: 9 minutes, 59 and one-fifth seconds, and 10 minutes, 17 and four-fifths seconds. Caroline Schultz Cade and Edna Nadel, Olive Heights Citrus association, were fourth. Time: 11 minutes three and two-fifths seconds, and 11 minutes, eight and three-tenths seconds.

Finals will be staged tonight and results of the contest will be announced Saturday night.

Last night Dorothy Cottle was crowned queen, representing the Newport Harbor district. Tonight Thelma Zelma Jones will be queen, representing Garden Grove.

The total net income in 1930 of 1397 American corporations was \$2,898,000,000, or 24 per cent less than in 1929.

DEATHS

A WORD OF COMFORT

Just what your tasks and your privileges will be within the gates of Paradise you can not know now. It is sufficient that you recognize that no endeavor is in vain which you make day after day. Your efforts here are not wasted; they fit you for the greater responsibilities which await you.

With God's help you may learn to value the dimness of your distant sight which prevents your blindness to the duties and joys near at hand.

Ask him to help you to walk confidently along your present path and with no doubts of the brighter days beyond.

PHILLIPS—In San Francisco, June 9, 1931, Mrs. Cornelia H. Phillips, aged 73 years. Mother of Mrs. Will Hopkin, Mrs. H. B. Anderson, J. D. Phillips, F. H. Phillips, Beth Phillips, Mrs. Helen Dodge, Mrs. J. L. Madden and George Phillips. Funeral services will be held Friday at 11 a. m. from the Episcopal church at Covina. Smith and Tuttle in charge.

Local Briefs

The lecture of Dr. Edward Lee Russell, scheduled for the T. M. C. A. tomorrow night, has been postponed one week due to the high school commencement program, according to announcement made today.

Robert L. Prior, 21, and Vivian B. Ladd, 19, both of Garden Grove, have applied for a marriage license in Riverside.

The annual picnic for former residents of Pike, Davises and Knox counties of Indiana will be held at Sycamore Grove on Pasadena avenue in Los Angeles June 21. It was announced by the committee in charge of the affair. Those that attend are advised to bring their own lunch.

The Rev. Hugh C. Benner, assistant pastor of the Santa Ana Church of the Nazarene, has been elected reporter of the Southern California assembly of the denomination, being held this week in Pasadena. There is a large delegation attending the annual meeting from the Santa Ana church, of which the Rev. U. E. Harding is pastor. Mrs. Harding is appearing on the musical programs of the assembly.

Painful Piles

Go Quick—No Cutting—No Salves
It takes only one bottle of Dr. J. S. Leonard's prescription—HEM-ROID—to end itching, bleeding, protruding piles. This internal remedy acts quickly even in old, stubborn cases. HEM-ROID succeeds because it heals and restores the affected parts and removes blood congestion in the lower bowel—the cause of piles. Only an internal medicine can do this, that's why salves and cutting fail. McCoy Drug Co. says HEM-ROID Tablets must cure your Pile misery or money back—adv.

DISMISS CASE AGAINST WALKER TODAY

On motion of the district attorney, charges against Henry C. Walker, proprietor of the Santa Ana Drug company at Fourth and Main streets, of selling and offering for sale adulterated Jamaica ginger and adulterated orange extract, were dismissed in Justice Kenneth Morrison's court today.

Walker was arrested during the latter part of last month on complaints procured through state officers, who alleged that the sales made at the store were in violation of the state's pure drug laws. He was released on his own recognizance at that time.

Deputy District Attorney Preston Turner, representing the district attorney's office, told the court that similar charges against the McCoy drug company here had been tried before a jury in his court and that the jury had returned a verdict of not guilty; that he believed the evidence in the McCoy case was even stronger than in the Walker case, and therefore the district attorney's office did not feel justified in going to trial, in that it did not believe a conviction would be had.

Walker was charged on three counts of selling adulterated Jamaica ginger and on two counts of selling adulterated orange extract. The asserted violations were said to have occurred on March 12.

ROSS FINED \$300 ON LIQUOR CHARGE

Frank Ross, Los Alamitos, who three days after he was arrested and fined on a charge of possession of liquor, was again arrested on a similar charge, by Sheriff Logan Jackson and deputies, last night was found guilty by a jury in Justice Smith's court in Seal Beach.

At 10 a. m. today he was sentenced to serve 300 days in the county jail on the latter charge, with an alternative of paying a fine of \$300. He had been fined \$250 on the first charge and was paying on that when the second arrest was made.

Ross is the proprietor of a soft drink stand at Los Alamitos and only a small amount of liquor was found by officers on both raids.

Unable to pay the fine Ross was returned to the county jail here this morning.

The sense of smell in birds is not very acute, although their organs are well developed. It is doubtful whether the sense of smell is of much use to birds.

COAST GROUP ENDORSES NEW FLOOD REPORT AND SUGGESTS CHANGE IN WATER ALLOTMENT

Heartily endorsing the spirit and purpose of the county flood control project, but making certain reservations, a report of the sub-committee of the water conservation committee of the Orange County Coast association will be presented to members of the association at Travaglini's cafe at Laguna Beach next Tuesday evening.

The report suggests "That plans for spreading the flood waters detained by the Chester dam be amended to provide means for a more equitable distribution of said waters over the absorptive beds in the Santa Ana river channel."

The report suggests that the board of supervisors make provision for flood protection on Trabuco creek. This action was taken by the board last Tuesday, the committee's report having been compiled previous to the meeting of the county supervisors.

The report states that "the people of the coast areas feel that if they are to pay 25 per cent of the cost of flood control and water conservation in Orange county and that if water is so saved thereby, then the coast areas should share in such saving for their beneficial and useful purposes as a matter of right and not to be dependent upon the will of those claiming riparian rights."

The report recommends that the supervisors, prior to calling an election, determine their right and authority under the flood control act, if they find they have no right to allow distribution of saved water to coast communities, they should hold an election in abeyance until the act can be amended by the state legislature to allow such action, the report states.

Members of the committee are Thomas F. Murphree, mayor of San Clement; T. B. Talbert, Huntington Beach; H. L. Sherman, Newport Beach; Aaron Buchheim, Doheny Park; E. J. Hughes, Seal Beach; Frank Champion, Laguna Beach.

The committee also has drawn up a resolution for presentation to the association placing the organization on record as favoring the saving of all waters in Orange county and allocation of these waters to the various communities for domestic purposes. The resolution opposes the diversion of water for irrigation purposes from one agricultural district to another agricultural district. The report and resolution follow:

"We, your committee on water conservation, have had under consideration the report on 'Control and Conservation of Flood Waters in Orange County,' made and submitted to the Board of Supervisors of Orange County by the Board of Engineers, appointed by said Supervisors, namely: G. A. Elliott, R. A. Etcheverry and Thos. H. Means, submitted April 13th, 1931, and hereby beg leave to submit the following report and recommendations.

"We heartily endorse the spirit and purpose of the 'Orange County Flood Control Act.' We further endorse the report of the above named engineers insofar as the same urged the vital necessity for prompt action by the people of Orange

port evidently had this in mind, for on page 2 of said report the following language is used:

"The county has a frontage on the Pacific ocean of forty miles, practically the entire length of which is occupied by rapidly growing residential communities whose need for additional supplies of water is becoming apparent."

"However the law is not clear as to how the coast communities may obtain a fair share of conserved waters."

"We believe it to be within the intent of the 'Orange County Flood Control Act' if liberally construed as in such act provided that the governing body of the district has the power to acquire by gift, purchase or condemnation the right to any or all such saved waters and allocate and allow distribution of same for beneficial and useful purposes to those communities whose need is urgent whether such communities happen to lie within or without the basin of such stream or streams to be improved."

The language of the state constitution, Article 14, Section 1, adopted November 5, 1893, is so pertinent to this point that we herewith set it out in full:

"It is hereby declared that because of the conditions prevailing in this state the general welfare requires that the water resources of the state be put to beneficial use to the fullest extent of which they are capable, and that the waste or unreasonable use of water be prevented, and that the conservation of such waters be to be exercised with a view to the reasonable and beneficial use thereof in the interest of the people and for the public welfare. The right to water or to the use or flow of water in or from any natural stream or water course in this state is and shall be limited to such use as shall be reasonably required for the beneficial use to be served, and such right does not and shall not extend to the waste or unreasonable use or unreasonable method of use or unreasonable method of diversion of water. Riparian rights in a stream or water course attach to, but to no more than so much of the flow thereof as may be required or used consistently with this section, for the purposes for which such lands are, or may be made adaptable, in view of such reasonable and beneficial uses; provided, however, that nothing herein contained shall be construed as depriving any riparian owner of the reasonable use of water of the stream to which his land is riparian under reasonable methods of diversion and use, or of depriving any appropriator of water to which he is lawfully entitled. This section shall be self-executing, and the legislature may also enact laws in the furtherance of the policy in this section contained."

"D. We consider it a cardinal ethical principle that any section of Orange county which is to be taxed for the purpose of water conservation under the proposed Orange County Flood Control and Water Conservation project, shall be entitled to its just proportion of all waters saved under that project. At the present time there is a controversy as to the rights of the Orange County Coastal communities, from Newport Bay

to the south county line, to use any waters which may be conserved by the Santa Ana River dam, or any other dam under the project. It is therefore imperative from the standpoint of justice that these communities, or any others similarly situated, which are to be taxed equally with other parts of the county, shall be permitted to benefit from the project as least to the extent that they may be taxed."

"We recommend that the Board of Supervisors prior to calling an election for the purpose of adopting bonds as provided therein, determine their right and authority under the 'Flood Control Act' and if they find they have no right or authority under such act to acquire, allocate or allow distribution of saved waters, to coast communities, then to hold the calling of such election in abeyance until the act can be so amended by the state legislature to allow such action. But if they find they have such authority or can so use their endeavors to obtain the above result, we recommend the calling of such election at an early date for the purpose of adopting the report in question and issuing bonds thereunder. And in that event, we herewith pledge our earnest support to such proceedings."

Resolution
"BE IT RESOLVED that Orange County Coast Association go on record as being in favor of a policy of saving and conserving all waters that can economically and reasonably be saved for and in Orange county, and that said waters thus saved be allocated to the various communities of Orange County for domestic purposes, in proportion to their respective populations as the use for domestic purposes may require."

"BE IT FURTHER RESOLVED that Orange County Coast Association go on record as favoring a policy of disproving the diversion of any water for irrigation purposes, that properly and rightfully

belongs to one agricultural district, to any other agricultural district."

"BE IT FURTHER RESOLVED that in view of the fact that the people of Orange County contemplate bonding and taxing themselves as a county unit to carry out a proposed flood control and water conservation program, that Orange County Coast Association go on record as being in favor of a policy that the people of Orange County stand together as a unit to protect

by every means possible, legal or otherwise, the water rights of the people of Orange County as against any intrusion by outside interests."

Respectfully submitted,
WATER CONSERVATION,
SUB-COMMITTEE,
Thos. F. Murphree, T. B. Talbert,
H. L. Sherman, Aaron Buchheim,
E. J. Hughes, Frank Champion.

SERVICES FOR MRS. PHILLIPS TO BE FRIDAY

In completing arrangements for funeral services tomorrow for Mrs. Cernella Hunt Phillips, whose death occurred Tuesday afternoon, in Sausalito, the sons and daughters complied with one of the last requests of their mother, by arranging for the final rites to be held in the Episcopal church in Covina, of which she was a charter member instrumental in its founding.

RESINOL HEALS SEVERE CASE OF PILES

"A few years ago my niece was ill and after being in bed several months she developed a very bad case of piles. As nothing she had used seemed to help her I advised Resinol Ointment which I had with me. After a few applications she was greatly relieved and before long was entirely healed." (Signed) Mrs. B. Stockend, 919 E. 1st St., St. Paul, Minn.

25 REASONS why Frigidaire is the advanced refrigerator

Today's Frigidaire offers many important improvements and refinements. It offers quiet, dependable operation with surplus refrigerating power. It offers permanent beauty and many other advantages which make it the Advanced Refrigerator.

- 1 Porcelain-on-steel inside and out for lifetime beauty.
- 2 A smooth, flat top that is easy to keep clean.
- 3 Beauty of design to harmonize with any kitchen.
- 4 Acid and stain-resisting, seamless porcelain interior.
- 5 The Cold Control—for extra fast freezing.
- 6 The Hydrator—for freshening vegetables.
- 7 The Quickcube Ice Tray—for releasing ice cubes instantly.
- 8 Surplus power for every need—just as in the modern, high-powered automobile.
- 9 Extremely quiet operation.
- 10 All mechanism enclosed and out of sight.
- 11 Economical operation.
- 12 Conveniently elevated food shelves.
- 13 Ample food storage space.
- 14 High-speed freezing unit for desserts and ice cubes.
- 15 Beautiful, polished tray fronts that seal in the cold.
- 16 Metal freezing trays specially treated to prevent discoloration.
- 17 Cabinet equipped either with legs or casters.
- 18 Room for tall bottles and containers.
- 19 Sanitary porcelain surfaces that are easy to keep clean.
- 20 Chromium-plated fittings of pleasing design that never need polishing.
- 21 Cabinet that can be built into wall recesses or cupboards.
- 22 Models for the smallest or largest family.
- 23 Three-year guarantee that covers the mechanism, cabinet, finish.
- 24 A General Motors value.
- 25 Convenient terms arranged to suit the purchaser.

CLAIMS ATTACK ON UTILITIES IS UNJUSTIFIED

ATLANTIC CITY, June 11.—American individualism and American institutions are being threatened by the attack which has been launched by a minority group of self-seeking politicians of this country, declared W. C. Mullendore, vice president of the Southern California Edison company, Ltd., in an address before the National Electric Light association convention here today. This small group of malcontents, he said, is marshalling the spectres of fear, envy, hatred, suspicion and distrust in an attack upon our basic American principles to the sole end that a few men shall be enabled to hold the limelight by posing as the defenders of that which they are attacking.

"Within the past few years the people of the United States have been warned in stentorian tones and black headlines that a new national problem of gravest menace is darkening the political horizon," Mullendore said. "This is called the power issue, but it is a false issue."

"The real issue which I find has been raised by the prevailing attack upon the electric utility industry is whether the power of public office shall be wrongfully employed to undermine confidence in and destroy the good will of legitimate American business in order to prepare the way for a program in direct conflict with basic American principles; whether it is in the public interest that the destructive forces of fear, envy, hatred, suspicion and distrust shall be aroused through false accusations, unjustified abuse and vilification of American institutions—to the end that Socialism shall replace American individualism."

"Public utilities, and more particularly electric light and power utilities, are now feeling the weight of all of the concentrated venom of these high priests of the cult of hatred and destruction. The business of the electric light and power industry, like that of all utilities, is clothed with a public interest. Our industry is a trustee of many interests, those of its more than a quarter million employees, its two million customers, and, most important of all, the basic interest of the public in the maintenance of those forces of individualism and private enterprise without which neither this nor any other great industry or business of America could have reached the present levels of service to the public. These interests we must protect if we meet our full responsibility."

Mullendore then pointed out what he declared to be conclusive evidence which discloses that the more vicious assaults upon these interests are not only unfounded, but so dishonest and lacking in substance as to clearly show that the motive for such attack is something other than is pretended. Senator Norris of Nebraska has been quoted, he said, as saying that the power industry which Senator Norris calls the "power trust," is "the most disgraceful and far-reaching and shameful combination that has ever been organized by man," and also that "they have never done anything except to feather their own nests and deceive the very people who by their pennies contribute to their wealth." The contrasting facts disclose, Mullendore said, that the electric power industry in 50 years has built the most widespread, the most generally used

Calvin Coolidge Says

By CALVIN COOLIDGE
NEW YORK, June 11.—A long standing problem sometimes growing into the proportions of a dispute between the president and the senate exists over the making of appointments. Individual senators, representatives and other public officers and members of political committees often claim the right to make a choice of whom the president shall appoint.

No president is likely to have sufficient knowledge of conditions and persons so that he can make the thousands of appointments required without the help and advice of others. Naturally he asks senators and representatives to help about selections in their states and districts. But there are other sources of information and the responsibility for nominating is with the president. Any mistake will be charged to him.

The correct procedure is to observe the constitution, the law and the facts. The appointing power is in the president. The confirming power is in the senate. Let him consult the senators in the usual way about proposed appointments and little difficulty will arise. No president can surrender the all important appointing power. No senator or representative wants to be ignored. Like many other seeming difficulties it will be resolved by everybody patiently doing what the constitution directs.

Copyright, 1931, McClure Newspaper Synd.

and the cheapest, electric service found in any country.

Findings of the Federal Trade commission, Mullendore said, have established the non-existence of a "power trust" and the falsity of emphasis upon waterpower and use of natural resources is shown in the fact that only one-third of the supply of electricity comes from waterpower, and that the proportion of steam power is constantly growing. Likewise, the speaker said, the constant misrepresentation that electric service is non-competitive has been answered with proof that every kilowatt-hour sold for power is sold under either actual or potential competition.

Prize Rings At Fair Disappear

Four hand made silver rings set with semi-precious stones have been stolen from the county rural arts booth at the Orange County Valencia Orange Show and Fair, it was announced today.

The rings were made and presented by Glen Lukens, of Fullerton Junior college, as prizes for the best creative craft work done in the county elementary schools, and were valued at \$25 apiece. A reward has been offered for information leading to the recovery of the rings.

He was arrested Tuesday afternoon by Chief James S. Bouldin, who declared the man was driving from one side of the road to the other and that he had resisted arrest when stopped. He had not paid the fine late yesterday.

JULIA LATHROP SCHOOL FIRST IN ATTENDANCE

There was an active enrollment of 7517 in the Santa Ana city schools last month, according to the ninth monthly attendance report which was presented to the board of education at its regular meeting this week. The report revealed that during the month the percentage of attendance in comparison to enrollment was 95.64.

The Julia Lathrop Junior High school attained first place in the percentage ranking of attendance, with a figure of 97.93, while Spurgeon and Delhi schools followed in second and third places with respective percentages of 97.70 and 96.76.

The largest gain in average daily attendance was shown by the McKinley school, which had an increase of 15.6 units in the average daily attendance for the month. The largest loss in average daily attendance for the period was shown by the high school, which had a drop of 14.6 units. There was a total gain of 58.8 units in average daily attendance throughout the entire city system during the month. The total average daily attendance for the entire system was 6403.2, distributed as follows: high school, (including adult education

and juvenile home) 1552.8; elementary, 3964.6; kindergarten, 382.8; junior college, 503.6.

Ranking of schools in percentage of attendance after the first three places, which were held by Lathrop, Spurgeon and Delhi, is as follows: Hoover, Willard, Logan, Willson, John Muir, Lincoln, Lowell, Fremont, high school, McKinley, Roosevelt, Edison, Jefferson and Franklin.

Auxiliary Board Meets August 6 In Huntington Beach

SAN CLEMENTE, June 11.—The county council of the American Legion auxiliary will meet at Huntington Beach at the fifth area caucus on August 6 at which time the caucus will endorse a candidate for the state presidency of the organization. This was decided upon at the meeting of the county council held at the Social club here this week. The session opened with a luncheon served by the San Clemente auxiliary. Sixty guests were served.

Mrs. Ella Stumbo, of Brea, council chairman, had charge of the meeting. Bernice Keyes, San Diego, state legislative chairman and candidate for the state presidency, was present as was Mrs. Ethel Marsh, Upland, president of the fifth area.

Mrs. Sara A. Gallagher, of San Clemente, who organized the two auxiliary posts in Inyo county, spoke on auxiliary work. Mrs. Gallagher will become affiliated with the San Clemente chapter.

Consider your Adam's Apple!!* Don't Rasp Your Throat With Harsh Irritants

"Reach for a
LUCKY instead"

Everyone has an Adam's Apple—every man—every woman has one. Touch your Adam's Apple with your finger. You are actually touching your larynx—this is your voice box—it contains your vocal chords. When you consider your Adam's Apple, you are considering your throat—your vocal chords.

"TOASTING" expels certain harsh irritants present in all raw tobaccos. These expelled irritants are not present in your LUCKY STRIKE—the modern cigarette. We sell these expelled irritants to manufacturers of chemical compounds. Everyone knows that sunshine mellows—that's why the "TOASTING" Process includes the use of Ultra Violet Rays. LUCKY STRIKE—made of the finest tobaccos—the Cream of the Crop—THEN—"IT'S TOASTED"—an extra, secret and exclusive heating process. It is this process that expels these harsh irritants. No wonder 20,679 American physicians have stated LUCKY to be less irritating. No wonder LUCKY is always kind to your throat. And so we say "Consider your Adam's Apple." Be careful in your choice of cigarettes.

MEAT-COUNTER bargains ARE MORE delicious

WHEN SEASONED WITH
sugar

EVERY day your meat dealer offers cheap cuts of meat which have an irresistible appeal to your sense of thrift. And you can give any of these cuts an irresistible taste appeal by seasoning them with sugar. Of course salt should be added to the meat as it cooks, to overcome flatness. But the value of adding sugar is that it develops and heightens the flavor of the meat in a way no other ingredient can. Try a dash of sugar to season pot-roasts, braised lamb and veal, stews and meat loaf. In boiling corned beef or ham, add at least a half cup of sugar to the water. "A dash of sugar to a pinch of salt" is also a fine seasoning for fresh or canned vegetables. Flavor and season with sugar. The Sugar Institute.

"Flavor and season with Sugar"

"It's toasted"
Including the use of Ultra Violet Rays
Sunshine Mellows—Heat Purifies
Your Throat Protection—against Irritation—against cough

SCHOOL AWARDS AT FAIR MADE PUBLIC TODAY

Awards in the school department of the Orange County Valencia Show and Fair were announced today as follows:

High School
First, Tustin, decorated booth by art department, weaving, machine shop, especially a lathe, woodwork, leather.
Second, Fullerton, fine machine shop and manual training work.

HOSIERY REPAIRED

Runs and pulled threads repaired at 25c per stocking. All repairs guaranteed.

Neumode Hosiery Store
402 N. Main Street

Special award to pewter; special award to weaving.

Third, Anaheim, special award for baby care and layette display. S. A. High School, Junior College.

Special award for art; special award for printing. Book with linoleum blocks for illustration.

Schools, Grades 1-8

First, Anaheim, kindergarten to eighth grade, art, handwork, batik, pottery, manual training, leather, jig saw made by seventh grade boys, sewing, block prints. Clever decorations by school children. Special award to lathe.

Second, Tustin, best display of woodwork, fine sewing and art.

Third, Buena Park, splendid display of coffee tables, end tables, fireside stools. Especially fine display of sewing. Well made slides for nature study and social studies.

Special award to Placentia for art work and basketry. Special award to Garden Grove for bead work.

Special award to Fullerton for beautifully arranged booth and artistic mounting.

Rural Schools

Special cup award. Art, pottery, woodwork, sewing, cardboard construction. Fine display of Glen Lukens contest articles and awards. Special award, model house by Fountain Valley fifth and sixth grades.

Schools, Grades 1-6
First, Roosevelt, Santa Ana, di-

versified exhibit. Many late educational activities shown.

Second, Lowell, Santa Ana, special award for rugs, rattles, beadwork.

Third, Edison, Santa Ana, kindergarten furniture, handwork, sewing; special award to miniature library.

Special awards: Wilson, Santa

Ana, art, glass painting, soap-carving, batik, pottery. Hoover, Santa Ana, pottery from every grade. Lincoln, Santa Ana, for best little theater project. Penmanship, Santa Ana schools, grades 1-8.

Mexican Schools

First, Delhi, Santa Ana, most diversified exhibit of all Mexican schools, especially good sewing. Airplane by Jesus Valenzuela.

Second, Fremont, Santa Ana, special award for fine pottery; special award for masks.

Third, Logan, special award for fine kindergarten and pre-primer activity program shown; kindergarten house all done by 4 or 5-year-olds. Store made by 5-6-year-olds. School bus, 4-5-year-olds.

After refreshments had been served, each one was called upon to speak. One of the older boys of the camp, Philip Baker, said:

"When I came here, I liked it, and still like; furthermore, I know that I always will like it." This talk, though short, expresses the attitude of all of us.

DR. RAYMOND SMITH OPENS OFFICE HERE

Dr. H. Raymond Smith, chiropractor, graduate of Santa Ana high school and the University of Southern California, today announced the opening of Santa Ana offices at 1315 North Broadway.

Dr. Smith will continue to maintain his offices at Pasadena, but will be here daily from 8:30 a. m. to 4:30 p. m. except on Mondays and Thursdays, when his hours will be from 8:30 to 9 p. m.

Exhibit Harrow At Anaheim Show

Many favorable comments are being received on the new Tower four-section disc harrow, made by the Tower Manufacturing company, of Santa Ana, and shown at the Orange show by the local dealer for Tower tillage tools, the Lynn L. Ostrander company.

Features claimed for the new four-section disc harrow include extremely short turning radius, gangs and hitch being close coupled to the tractor and the front gangs throwing partially out of pitch on the turn. This disc harrow, it is claimed, works equally well in sand and cover crop. All metal bearings are used of the same design as used in the famous Tower offset disc harrow. The main frame is of high carbon steel and electric welded construction and is at present built in 6-inch and 7½-inch widths.

The Ostrander company is also showing a representative line of other Tower tools including the offset disc harrow, cultivator, subsoiler and land leveler. The exhibit occupies 1600 square feet, being the entire north end of the agricultural tent.

Coreopsis Group Meets In Tustin

TUSTIN, June 11.—Planning a surprise on Mrs. Ann Swartz, members of the Coreopsis club gathered at her home on Laguna road. They brought with them bouquets of flowers and a potted fern which were presented to Mrs. Swartz.

Fancy work and music occupied the afternoon hours, following which the self-invited guests produced ice cream, cake and punch to be served as refreshments, and they were surprised to find their hostess had previously prepared sandwiches and other good things to eat.

Those sharing the happy affair with Mrs. Swartz were Mrs. A. A. Alderman, Mrs. John F. Pieper, Mrs. Walter Myers, Mrs. Ed Smith, Mrs. J. H. Pankey, Mrs. Jemmie Beckman, Mrs. Sarah Matthews, Mrs. D. M. Forner, Mrs. F. W. Silver, Miss Ethel Alderman, and three guests of the club, Mrs. J. W. Means, Mrs. Charles Swartz and Mrs. George Prather Jr.

Bicycle Tires, \$1.25 to \$3.25. Fix-It-Shop, 105 E. 3rd.—Adv.

BANQUET AT HEALTH CAMP IN SANTIAGO CANYON REUNITES FORMER PUPILS, GRADUATES

Editor's Note: The article published here is one of a series printed each week by The Register, telling of recent events at the health camp maintained in the Santiago canyon by the Orange County Tuberculosis and Health association.

By ARLIN PERKINS

The Alumnus Association of the Orange County Children's Health Camp held a banquet and reunion Sunday evening, June 7th. Quite a number of the alumni were present. Children of the camp who are expected to leave in the near future also attended.

We were all pleased that "Mother" Meagher was able to be with us, having just returned from Yosemite, from the State Nurses' convention. She promised to come up some evening and tell us about the wonders and beauties of Yosemite and about the bears, deer and birds. "Mother" Meagher said when she got rich she would take us all to Yosemite.

After refreshments had been served, each one was called upon to speak. One of the older boys of the camp, Philip Baker, said: "When I came here, I liked it, and still like; furthermore, I know that I always will like it." This talk, though short, expresses the attitude of all of us.

Kenneth Darrow of Fullerton, told of a most wonderful gain made while he was at camp. Kenneth gained 32 pounds in seven months.

Business matters were taken up, the meeting being presided over by Robert Rittenhouse of Buena Park. Nominations were made for chairman. Fred Bath of Anaheim was nominated, but because he was not present, it was thought best not to take the vote until he had been interviewed. Ballots will be mailed to the Alumnus.

Aloha Freeman of Tustin, was voted vice president. Evelyn Shilling of Anaheim was made secretary treasurer.

It was decided to have a board of directors. Dr. F. O. Kaps, consulting doctor, James Irvine, Jr., V. J. Bristol, Mrs. Chas. A. Riggs, Kenneth Darrow, Arlin Perkins and Robert Gale were suggested.

Because some of them were not able to be there, no action was taken upon their names. The ballot will be mailed the same time as that of Fred Bath. There being no further business, the meeting was adjourned.

Philip Baker dedicated a nice flag to the new Van Lee Bristol recreational hall at this time. Others present beside those named were: Martha and Henry Osborne of Olinia, Gerald Adair of Santa Ana, Fern Rimel of Huntington Beach, Robert Kreidt of Olive, Jean Wood, a guest, Ted and Yale Brand of Santa Ana. Camp residents who attended were: Helen Ross, Leonard Kreidt, Elizabeth Hayes and Eldon Eastman.

We received many different ideas for our Camp Boosters club, Friday, June 26th was set as the day for the next Alumni club meeting to be held at the Anaheim city park all afternoon. Board of Directors of the Orange County Tuberculosis and Health association, Ltd. and friends are invited.

Dr. J. E. Riley of Orange has examined the teeth of all the camp children and they are all in good condition. The camp is grateful to Dr. Riley for his services.

We planned for 50 alumni to come to our meeting Sunday night, but lack of transportation made it impossible for all to get here. We only had 15 alumni and 31 altogether. Everyone gave a talk and some of the children gave readings or stories. Then we elected officers and adjourned. Altogether we had a very pleasant time and accomplished a lot.

Last Wednesday we had our school picnic over at the park. We went over about 3 o'clock and then we rested 10 minutes after our walk over there. We then played until supper time and then we had to

USE "GROZIT" Pulverized Sheep Manure R. B. NEWCOM

NEW OFFICERS SELECTED FOR SERVICE CLUB

NEWPORT BEACH, June 11.—

We of the United States cannot live unto ourselves alone, in a world of radio and airplanes, which has drawn all nations more closely together. This was a message brought to members of the Newport Beach Exchange club at their weekly luncheon yesterday at the Newport Harbor Yacht club by James H. Mills, of Hamilton City, Calif., an enthusiast on the subject of settling international differences by arbitration instead of force.

The speaker, who has owned a home here for 25 years, said he had first visited here in 1877, when there were but two houses in the present Newport bay area.

Mills began by stating that all the members of his family had been in the great war, that he was not a pacifist but more of a realist. He traced the history of the world wide movement for international arbitration from the time when the state of Massachusetts first started in 1844, and endeavored to prove that it was of American origin and that Americans, including President Wilson, had been its greatest proponents.

There is no doubt, he said, that this fall, America will be in the World Court, certain reservations insisted upon by this country having been accepted by the other signatories.

Officers for the next six months of the Newport Harbor Service club, scheduled to supplant the Exchange club after June 30, were elected as follows: Dr. Conrad Richter, former mayor, president; H. H. Williamson, first vice president; E. L. Moore, second vice president; A. J. Twist, secretary; Lew Wallace, treasurer; these officers and R. L. Patterson, Theo. Rolins, Ray Saunders, H. L. Sherman, Conrad Shook, Frank Smith and Steve Smith, directors.

Hart, Welch told the club members of the organization of the 1931 Tournament of Lights, scheduled for Newport bay, July 18.

PEACE TOPIC AT BROTHERHOOD MEET

GARDEN GROVE, June 11.—The Rev. Errol D. Peckham, of Pasadena, former pastor of the Friends church, spoke on the subject, "Peace," at the Alamitos brotherhood meeting Tuesday evening.

Mrs. Verda Trotter was in charge of the music. Mrs. Trotter and Mrs. Mary Everett played violin duets, accompanied at the piano by Mrs. Marie Brady. Thirty-five persons were present at the 6:30 o'clock dinner. This was the last meeting of the brotherhood until September.

Police News

Deputy Sheriff L. H. Nicholson left here last night for Laredo, Tex., to return to Santa Ana S. A. Vaneman, arrested there on a charge of grand theft, in connection with the stealing of an automobile. Notice that the man had been arrested in Texas was received by the sheriff yesterday.

Charged with possession of beer, Robert H. Hall was fined \$55 in the Huntington Beach justice court yesterday.

Late News From Orange And Nearby Towns

WORK OF BUGS DESCRIBED AT CENTER MEET

ORANGE, June 11.—How two small bugs, natives of Australia, have been made valuable residents of Orange county, and how they have helped to destroy the mealy bug, more than three times their size, was told in an interesting manner at the joint meeting of the Orange, the Foothill and the Tustin Farm centers at the Orange Union High school last night, when Prof. Harold Comper, of the government experimental station at Riverside was the speaker.

Prof. Comper was sent to Australia in 1927 to investigate the mealybug situation, which was well under control. There he was to determine whether the control was due to climatic or parasitic conditions and found that the latter was the case.

The two bugs, the coccaphagus gurneyi and the tetraneura pretiosus, were imported and they have been busy raising large families at the insectary near Anaheim ever since, it was related. After having done an unestimated amount of work in reducing damage from the mealy bug, preying on the eggs of this insect, said Professor Comper. They are great travelers, it was said by the speaker and millions are now at work in citrus orchards where the mealybug is now under control in many places.

The first named insect has proved the best for the purpose, he said. It is a species of beetle, black and less one-twelfth inch long. Slides of the bugs were shown by the speaker as he outlined the work done while he was searching for the right insects to combat the mealy bug.

Harold Wahlberg, farm advisor, gave presidents of the centers copies of the recently completed flood control report and urged every one to study the report so as to be ready for the issue when it comes up for decision by voters. Pictures

ORANGE READY FOR PICNIC AT PARK ON FRIDAY

ORANGE, June 11.—With R. C. Patton heading the committee for the community picnic which is to be held at Irvine park tomorrow, preparations for the event were completed yesterday at a meeting held in the afternoon at the Y. M. C. A. It is expected that between 1200 and 1500 will be present.

ARRANGE FUNERAL OF MRS. LEUTZINGER

ORANGE, June 11.—Funeral services are to be held Saturday afternoon from the C. W. Coffey funeral parlors for Mrs. Iva Ola Leutzinger, who passed away Monday as the result of an automobile accident. The Rev. Franklin H. Minck, pastor of the First Christian church, will have charge of the service and interment will be in the Fairhaven cemetery.

Royal Neighbors Elect Delegates

ORANGE, June 11.—A dinner preceded the meeting of the Royal Neighbors at the Smith and Grote hall last night, when the first evening meeting of the summer was held, with about 30 present. Two violin solos were played by Darlene Ashley and Mrs. Amanda Anus presided as orator.

Delegates to the district federation meeting to be held at Long Beach were appointed as follows: Mrs. Laura McCoy, Mrs. Gladys McDonald and Mrs. Alta Nicholson. Mrs. Sarah Tabor was welcomed as a new lodge member.

MUST WORK TO KEEP MONEY, MULTI-MILLIONAIRE ASSERTS

ORANGE, June 11.—"You have to work to acquire money and you have to work in order to keep it," declared L. J. Christopher, multi-millionaire, who was in Orange yesterday inspecting his newly completed building on North Glassell street. Christopher, who made his fortune through his own efforts, said that he worked for 45 years before he ceased active participation in the ice cream and candy industry which he established.

Christopher expressed satisfaction with the building which he owns and which replaced a half block of old buildings along this street which were among the first to be erected in this part of town.

The new ventilating system which is placed over the doorways of the six stores and the big market, and the sidewalks which is of green cement marked in a modernistic pattern to conform with the architecture of the building, were pointed out by the capitalist as innovations in construction work.

Negotiations are now under way for leasing the market at the north end of the new building. Christopher stated, and the room at the south end of the building is to be used as the real estate office of F. E. Hallman, who has been located at 110 North Glassell street, and B. D. Stanley, whose insurance office is in the same location.

Conduct Funeral Rites Wednesday For Alfred Gray

ORANGE, June 11.—Funeral services for Alfred Leroy Gray, 19, were held yesterday at 2:30 o'clock at the Coffey funeral parlors. The Rev. Franklin H. Minck of the Christian church officiated. Mrs. Leon Des Larzes sang "Abide With Me," and "Sometime We'll Understand," accompanied by Mrs. Neleta Wolfe.

The pall bearers were Dwight Boegeman, W. T. Jones, Jack Griffith, Karl Gerhardt, Julius J. Hanson and Karl Hess.

He is survived by his parents, Mr. and Mrs. Edward F. Gray, 524 East Washington street; two brothers, Irving and Cullin Gray, two sisters, Edilene Gray and Mrs. Beatrice Hansen, of Santa Ana. Interment was in Fairhaven cemetery.

The value of a black or silver fox pelt reduces 50 per cent if the hide is not removed from the animal within five days after it reaches its maximum gloss and thickness, due to a brown tinge which appears by that time.

3 Small Boys In Court For Firing Rifles In Creek

ORANGE, June 11.—A fusillade of bullets which came from the vicinity of the Santiago creek aroused residents to seek the cause of the miniature battle raging in the creek bed. As a result of the investigation three small boys were brought to the court of Judge A. W. Swayze Tuesday afternoon.

The judge told them of the dangers to others from the indiscriminate use of .22-rifles.

The boys were advised by the judge in the course of a friendly talk to go to Mexico if they wanted to organize a war.

Another boy appeared in court in the morning to make a complaint against a companion who had shot him in the leg with a torpedo catapulted from a sling-shot.

FEW FATALITIES

WASHINGTON.—During the past three years 10,000 persons have been involved in airplane accidents in all forms in the United States. However, according to the Aeronautical Branch of the U. S. Department of Commerce, only 15 per cent of these passengers have been fatally injured.

EIGHTH GRADE SCHOOL PUPILS GET DIPLOMAS

ORANGE, June 11.—For the 28th consecutive year, pupils finishing the eighth grade of the St. John's Lutheran church day school were presented last night with diplomas by William Batterman, principal of the school. The class this year at the school was one of the largest to be graduated. Baskets of beautiful pink roses were placed at each end of the stage at the Walker Memorial hall where the exercises took place. The flowers were the gift of Ernest C. Amling.

A brief address of welcome was extended the many parents and friends present by Clarence Elliste, who took second honors in the class and the closing address was given by Dorothy Amling, who held first honors.

A piano solo was played by Emmo Schmook, a recitation by Donald Knaak; piano solo, Ernest Eckhoff; class poem, Alice Des Larzes; piano solo, Walter Leichtfuss; piano solo, Adeline Loptien. The class song was directed by Mr. Batterman.

A play, "The Hoot Owl," was directed by Mrs. William Batterman and the scenes depicted a girls' finishing school, all of the girls of the graduating class taking part.

The principal roles of the play were taken by Ernst Eckhoff.

OLIVE PUPILS PICNIC FRIDAY AT IRVINE PARK

OLIVE, June 11.—The present term of St. Paul's Lutheran school will come to a close Friday. The following pupils will receive diplomas: Irene Brelje, Leora Mathies, Oscar Lieffers and Arthur Paulus. All of the graduates expect to continue their studies at Orange Union High school next fall.

TURNER TELLS ABOUT PHILCO SETS AT SHOW

telegram, made public today by Edgar, follows:

"Have just come from the radio show and have looked over all the new 1932 models of every manufacturer and it didn't take me long to place the largest order I ever gave to any manufacturer for the new 1932 model Philcos. They are so far the outstanding sets here.

"Philcos will all be super-heterodynes and will all have tone control. Larger models will have automatic volume control. All 7 tube models use pentode tubes.

"Philco will have seven, nine, and 11 tube sets and 19 different style cabinets.

"Philco men say that 10 carloads were shipped to the Pacific coast two weeks ago and will be ready for delivery by June 15.

"Prices this year will be about 25 per cent lower, which will make the line the biggest values we have ever had.

"Our quota has been doubled for the next year and I didn't kick because with the prices they are quoting, we will be sold out most of the time.

"The Philco factory is now turning out 8600 sets a day and running three shifts. It is now employing 4500 men in the five factories in Philadelphia. We ought to have them move to Santa Ana.

"I will leave for Santa Ana on the 10th so will be there when the new sets arrive."

SOUTHERN TRIO WILL PRESENT RADIO PROGRAM

Radio fans are due for a musical treat tonight when several outstanding features will be presented over KREG. One program is worthy of considerable attention. That is the Southern Trio, appearing in a melange of songs from 9:45 p. m. until 10:30.

Another feature for the music lover will be Jean Baldwin, soprano, who will present a group of solos from 8 to 8:15 p. m. Miss Baldwin has appeared on KREG programs before and delighted hundreds of listeners.

Ruth Bower and Isabel Durgan, appearing in a half-hour program starting at 9 o'clock, will offer a series of numbers.

Other numbers will be presented by the Melodians at 8:15 p. m.; the Sibelberg Singers at 7:30; the Texas Cowboys at 5:30 p. m. and Johnny Maxwell at 9:30 p. m.

From 6 to 6:15 p. m. the Radio Guide and 11 news will be broadcast. The Shopper's Guide program will be on the air from 6:15 to 7 p. m. From 7 to 7:15 p. m. the Garden Grove 4-H club will present a program. Studio programs will be on the air from 7:15 to 7:30 p. m. and from 7:45 to 8 p. m.

BEETHOVEN MUSIC TO BE BROADCAST

"Andante," opus 57, by A. Beethoven, will be played over KREG tomorrow by Welma Souvageol, pianist, who will present a 30-minute program at 10 a. m. She also will play three request numbers by Chopin, "Fantasia Impromptu C Sharp Minor," "Barcarolle, F Sharp Major" and "Scherzo, C Sharp Minor."

The pianist today described the "Andante" by Beethoven as follows:

"From the quiet depths there arises a holy song of blessed peace, standing firmly in the low, dark depths, closely compact, full of longing, like a fervent prayer out of the profoundest darkness.

"In the presto movement there are distant, restless surges and mighty rollings in the depths. It is like a battle of a pair of Titans that close in a fierce conflict and now and then withdraw to recoup their spent strength, only to spring to the attack with greater fury until one of them issues victor."

BOYS' TRIO WILL SING OVER KREG

The Julia Lathrop Boys' trio, scheduled for an appearance on the KREG children's hour yesterday, will be on the air tomorrow on the program directed by Lorene Croddy. Mechanical difficulties at the radio station made it impossible for the program to be broadcast yesterday. The children's hour is on the air from 5:30 to 6 p. m.

The trio is composed of Bill Lee, Bill Fairley and Clinton Campbell and is directed by Edith Cornell.

Other entertainers to be heard tomorrow on the children's program are Audrey Benjamin and Anna Sutherland, who will sing duets; Beulah Perkey, who will play the piano; Wesley Hunter, three years old, who will sing; David Hunter, who will play the piano; Billy Guiley, who will sing; Juanita Penrod, who will play the piano; Loui Penrod, who will sing and also play the piano; Paul Penrod, who will play the violin and Violet Rogers, who will sing.

Oxygen Treatment Ends BURNING FEET

Modern Radox Discovery Banishes All Agony and Foot Distress in 20 Minutes.

Don't miss half the joy of living because of sore, throbbing, swollen feet! Just soak sickly feet in a gallon of hot water to which 2 table-spoonfuls of Radox has been added.

Radox releases Oxygen a plenty which opens and enters the pores, drawing out those harmful poisons and acids which CAUSE burning, itching, foul odors, pain and fatigue.

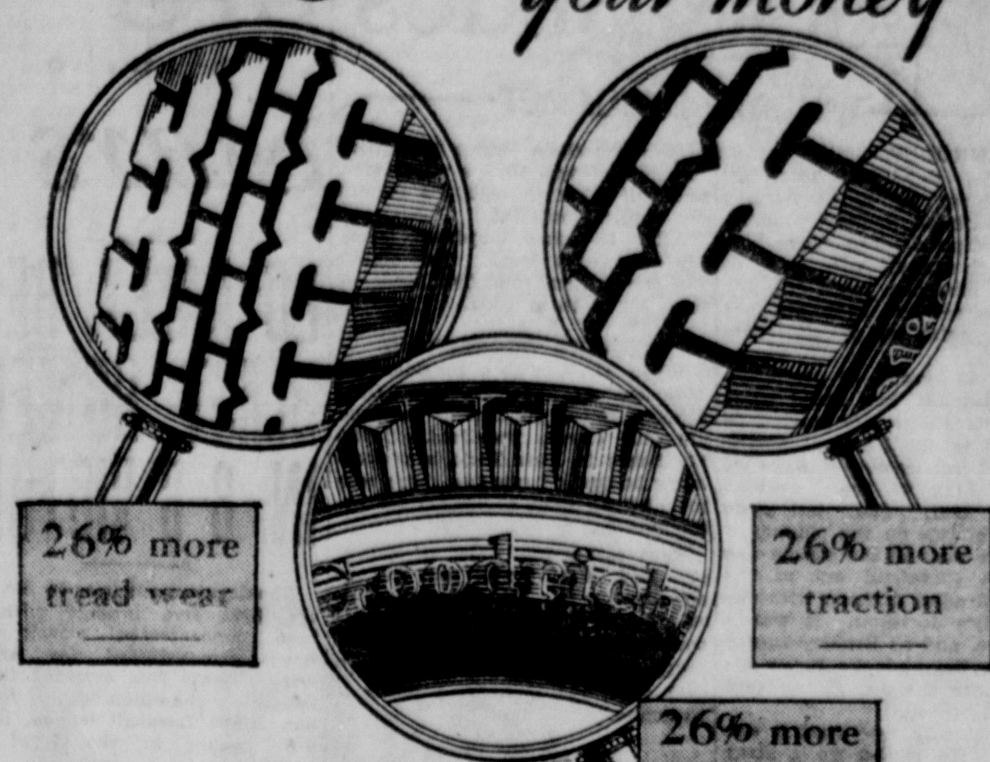

Hard, coarse skin on heels and soles is gently dissolved away. Anguished nerves and exhausted muscles are revitalized. Your feet feel so young and lively—no more care in the world. Wear new shoes without any fear of suffering foot distress.

And Radox costs so little—a big package costs but a few cents at McCoy Drug Store—2 Stores—and all drug stores. Adv.

NOW — Entirely Automatic

No Manual Control Necessary on This New O'Keefe & Merritt Electric Refrigerator!

FASTER FREEZING

Check these unusual features which make O'Keefe & Merritt Electric Refrigerators the greatest value money can buy!

1. Built of Highest Quality Materials

O'Keefe & Merritt Electric Refrigerators are constructed of copper bearing, rust-resisting steel throughout, and are insulated with three solid inches of high grade insulation material. Doors are non-warpable and fitted with a self-sealing gasket. Stopping to place dishes on lowest shelf has been entirely done away with, and the shelves are spaced to assure the maximum of usable space.

2. Automatic Freezing Control—Faster Freezing

Adjustments not necessary. Manual controls eliminated. Approximately one-third less time required in freezing salads, desserts or ice cubes, without changing the proper temperature of the food compartment.

3. Extremely Quiet in Operation

Moving parts have been reduced to the minimum. Bearings are oversized with positive lubrication, insuring quiet operation. No Radio Interference.

4. Economical in Operation

Due to high Thermal qualities of cabinet, combined with unmatched mechanical efficiency, the operating cost is very low.

5. Constant, Uniform Temperature

Automatically maintains a uniform temperature well below fifty degrees at all times.

6. Low in Cost—Greater Value

The quality of material and workmanship in this product demands a much higher price than you are asked to pay, but remember, we are able to pass along to you, excessive freight, crating and handling charges, by manufacturing the complete refrigerator in our own Los Angeles factory.

7. Guaranteed

Because of its outstanding performance record, O'Keefe & Merritt Electric Refrigerators are guaranteed against defective materials and workmanship for a period of two years.

CONNOLLY, CHIEF
The other day Will Harridge, new president of the American league, appointed Tommy Connolly chief of umpires. The move was part of Harridge's campaign to make the umpiring more efficient and counteract the squawks that have been going up on all fronts this year.

In his 22 years of umpiring Tommy Connolly has faced some peculiar situations. He started as an arbiter in the National league in the old rowdy-dowdy days of 1898, switching to the American league in 1901. They tell some charming stories on the old boy.

Near the close of the season one year, with Cleveland out of the race, Bill Bradley differed with one of Connolly's decisions. It was a third strike, and as Bradley turned away from the plate he threw his hat high into the air, giving vent to a shrill whoop.

Tommy quickly saw what it was all about. He picked up a stray hat and tossed it twice as high as Bradley had flung his own mace.

"Beat that toss if you can," said Connolly.

"DEAD PAN"

When Tommy walks onto the field he wears a most serious expression. Some of the baseball writers occasionally used to refer to him as "Dead Pan" Connolly.

After a double-header in Boston several years ago, as Tommy was walking off the field he was accosted by a fan in this wise:

"Don't you ever smile, Connolly?"

Whereupon Connolly, looking the fan squarely in the eye and wearing an even more serious expression, spoke:

"Did you ever see a villain in the play do any laughing?"

SON ON THE JOB

Tommy is the father of a large family. One of his sons umpired several of the series games among big league teams in the south during the spring and later found an assignment in the Piedmont league.

They tell a story of how Tommy Connolly every year used to ask President Van Johnson for a raise, since the family had grown and an addition to the house was necessary.

Tommy will not umpire now. After finishing a series in Boston June 17, Tommy makes his office

ARLETT, DUBBED 'BIG OX' BY MAJOR LEAGUE SCOUTS, MAKES CRITICS CHANGE THEIR TUNES

By JIMMY CORCORAN
(I. N. S. Sports Writer)

CHICAGO, June 11.—And so they said that you were nothing but a "big ox" did they, Mr. Arlett? Well, wasn't that a funny one on you.

Yep, mazes, that's all "Burr" Arlett was out there in the Coast league with Oakland—just a "big ox."

And if the Phils didn't decide to pick him off this year before he became an Oakland landmark by official proclamation I suppose that the buzz-wagon would still be out there hammering chips out of adjacent fences.

Please bear in mind that I am not calling Mr. Arlett a "big ox." That's what the scouts said he was. Not one scout. But a lot of them.

Interviews "Big Ox"

I took up a soft spot on the Phil bench yesterday next to "Burr" while the Cubs were whistling through fielding practice.

I wanted to see just what kind of a fellow this behemoth from the Coast league happened to be.

Arlett is big. But he isn't a "big ox." And you had better not call him that, either. He has a pair of shoulders like a "rassler" and I'd like to use those forearms of his for a few days. I'd go out and look for the guy who started the pole vault in a track meet.

He let me in on one secret. He said:

Threatened To Quit

"I guess the only reason that I ever got out of the Coast league was that I threatened to quit baseball if I didn't get a chance to go up. I was getting pretty tired of playing minor league ball. I wanted to get up where the real money was."

I knew I could hit minor league pitching, and I felt quite sure that I could do the same thing in the major league brand. In fact I felt that way years ago. But they wouldn't give me a chance. I guess some one must have been mad at me.

Stars Bunch Hits To Defeat Colton

ED DALEY, BELL BLAST HOMERS IN 8-6 VICTORY

Chasing two pitchers to cover in the first five innings with the best concentrated attack they have demonstrated for several weeks, Santa Ana defeated Colton, defending champion of the American Night Baseball league, by an 8-6 margin in the Bowl last night.

Manager Hubert Finlay of the inland titleholders was forced finally to use his ace runner, Venn Botts, to stop the Stars' two-run play. Botts abruptly terminated Santa Ana's free-wheeling but his rescue act came too late in the evening to save Colton's cause.

Joe Cornelius, just recovered from a severe cold and pitching for the first time in ten days, gave only six hits but these were none too well distributed and coupled with extreme wildness, had him frequently in distress.

Colton Gets Early Lead

Colton quickly ran into a three-run lead, scoring twice in the first on Bowers' bunt and successive doubles by Stone and Thoms, and adding another in the second when Strinati went clear to second on L. Daley's error and all the way home on Lutz's wild throw to stop him there.

Rubidoux, with Corona last summer, started for Colton. He was the Stars' "little cousin." After struggling through the first, he was knocked out of the box in the second. Ed Daley rammed a long home run to left to put the Santa Ana rally in motion.

Strinati walked and Randolph Bell rifled another homer to the bank in right field, tying the score. Lutz was safe on Hanagan's error, stole second and scored on Cornelius' double. Hill singled Cornelius across and that was all for Mr. Roubidoux who retired in favor of Sorensen, the youngster who recently blanked Santa Ana in an exhibition affair at Colton.

Hill moved up to third on Shadown's inaccurate throw for Cornelius and made the sixth run of the rally while Sorensen was throwing out Merrill.

Catcher's Debate Costly

Colton made it 6-4 in its part of the third. Bowers walked, went to second on Thoms' sacrifice and scored on wild pitches.

Santa Ana got one in the fourth, thanks to Leavitt Daley's daring baserunning and an argumentative Colton catcher. Hill opened the frame with a single and moved up an extra base on Hanagan's error. Merrill filled out. L. Daley was safe when Stone muffed a perfect throw to first from Hanagan but Stone picked up the ball in time to flag Hill who tried to score on the error. Hill protested Umpire "Tuffy" Tyrrell's decision and Catcher Strinati joined in the jargon around home plate while Daley sprinted madly around the cushions, capping it off by sliding safely under Strinati who had the gotten all about Daley and was holding the ball while jabbering with Hill.

Bells triple, his third hit of the evening, and a passed ball gave the Stars their final run in the fifth.

Reds Get Two In Ninth

Botts drove home both of Colton's other runs after two were dead in the ninth. Hanagan singled and Gilbert walked and both scored when the tall pitcher cracked a healthy double between Bell and Nelson.

Santa Ana plays at home again Friday, Fullerton being the opposition. The Stars are scheduled to go to Riverside for an exhibition next Wednesday night.

BRUSHING UP SPORTS - - - - - By LAUFER

Twenty Grand, Jamestown To Race Saturday

BELMONT PARK, N. Y., June 11.—(INS)—Mr. Weather himself today appeared to have the name of the winner of the Belmont Stakes tucked carefully away in one of the pockets of his many suits. Saturday's race, a battle between the country's two outstanding 3-year-olds, Jamestown and Twenty Grand, will go to the horse who gets the weather he likes, according to the wise boys.

G. D. Widener's Jamestown would feel his best on a slightly muddy track, while the Greentree stable's prize would prefer a fast track.

Although there probably will be five other colts at the barrier, the odds pointed to just two of them as likely winners.

Both headlines are easterners and inter-sectional rivalry is nil, but in the sense rivalry between the two favorites is so great that the Belmont, which will be their first meeting, has stirred fans to a pitch of excitement which could hardly be outdone with even the best of inter-sectional feuds.

Twenty Grand will carry Jockey Kurlinger, who rode him to victory in the derby, while Jamestown will be ridden by McAttee. This is but one more special attraction and one which makes it certain the race will be more than one of mere horseflesh.

Today the odds were given as 7 to 10 on Mrs. Payne Whitney's entry and 6 to 5 on Jamestown.

Other probable entries, with their jockeys, were:

Sun Meadow, Schaefer; Clock Tower, Waller; Great Gun, Robertson; Rideaway, Workman, and Anchors Aweigh, Watters.

High School Track Stars Await Meet

CHICAGO, June 11.—(INS)—High school track stars from 24 states began arriving today for the twenty-seventh National Interscholastic track meet at Stagg field tomorrow and Sunday.

Illinois, of course, leads in the number of entries, but 520 are entered from 144 schools, and nearly all of these lads placed in their state meets.

Oak Park, twice Illinois title holder in the past two years, was one of the favorites. Scott High, Toledo, entered a squad of 18 men, and Roosevelt High of Dayton, 17.

CARTWRIGHT TO PILOT SAINTS, GILBERT DONS

Ray Cartwright will captain Santa Ana high school's 1932 track and field squad.

Doyle Gilbert will be the "head man" of Santa Ana junior college's 1932 cinderpath team.

These appointments were announced today by Clyde Patton and Bill Cook, coaches, respectively, of high school and jaycee, following elections yesterday.

Cartwright is a half-miler and counted on to be one of the best in Southern California pre-dominant next spring. His best winning time this year was 2:07 although he was clocked well under 2:05 in the San Diego dual meet when he finished in second place.

Gilbert, a member of the Saint team that won the Southern California championship in 1930, was the outstanding member of the Don team this year. His favorite event is the broad jump in which he presses 23 feet but he also is well qualified in the pole vault and high jump.

Cartwright succeeds Paul Jacques as captain of the Saints. Gilbert follows Tom Donahue in office.

EXHIBITION BY JACK JOHNSON, SANTA BARRED

OAKLAND, June 11.—(UP)—A scheduled three-round boxing exhibition between Jack Johnson, former heavyweight champion, and Jose Santa, Portuguese ring giant, was barred today by the state athletic commission.

Commissioner Robert Edgren said the board felt it would be a "crying shame to send Johnson, a 32-year-old man, against a young opponent."

"We gave Johnson an exhibition permit on the understanding that he was to go in with the right kind of sparring partners," Edgren said. "We won't let him be matched with young men who might like to make a reputation by knocking him out. The title he once held should protect him against that."

Santa, who claimed a record of 39 consecutive victories, lost his first local bout Monday when he was decided by Hans Birkie, Oakland German.

LEWIS WINS AS FOE FALLS OUT OF RING

LOS ANGELES, June 11.—(UP)—"Strangler" Lewis, claimant of the world's heavyweight wrestling championship, was declared victor over Dr. Karl Sarpolis, of Cleveland, in their bout here last night when Sarpolis fell through the ropes and was unable to continue the match.

After Lewis had taken the first fall in 40 minutes with a headlock, Sarpolis tried a flying tackle and went out of the ring head first.

The bout between Everette Marshall, Denver, and Able Coleman, New York, was called a draw after they had wrestled an hour without a fall.

SCHNEIDER TO KEEP BUSY

CHICAGO, June 11.—Louis Schneider, winner of the 500-mile Indianapolis automobile race, will compete in two 100-mile races on dirt tracks in the next 10 days.

He is entered in a race at Detroit Sunday and will return here Sunday, June 21, to compete in a similar race at the Roby Speedway.

CHINESE HERBS AND TEAS

Our Chinese Herbs have cured thousands of people suffering from ailments which others have tried to cure and failed. One or two trials will convince the most skeptical person. For any chronic ailment of both men or women, we never fail to get the results. Try us before it is too late!

Our Herbs are especially good for Liver, Stomach, Kidney and Bladder disorders, Neuralgia, Asthma, Rheumatism, Female trouble and Urinary disease.

We also have some of the very best tea, it is new and different. A trial will convince you.

TONY LAZZERI SLUMPS; REESE DUE FOR BENCH

NEW YORK, June 11.—Far from trading Tony Lazzeri to Washington or any other club, Manager Joe McCarthy of the New York Yankees is going to give the San Francisco Italian another chance to make good at second base, his old position.

The Walloping Wop, who has been the victim of the most mystifying batting slump of the 1931 campaign, may return to the mid-way post during the current series with the Chicago White Sox here.

He has been working out at second in morning practice recently. Used at third base most of the season, Tony has batted only .234 to date.

"Lazzeri will be back in the game soon," said McCarthy today in denying a report that the one-time premier second sacker of the league would be traded to Washington for Pitcher "Bump" Hadley and Jack Hayes, utility infielder. "His leg went bad some time ago and I had to take him out a couple of times. His leg is all right now and his arm is as strong as it was three years ago."

Lazzeri Popular With Fans

The idea of a trade involving Lazzeri aroused little enthusiasm among New York fans today.

For five years a brilliant fielder and a dangerous hitter with runners on the bases, "Poosh 'Em Up" Tony has become a fixture at the local ball orchard. He batted under .300 only once, in 1928, his first year with the club, when he finished with a mark of .275. In the following years his season's averages were .409, .335, .354 and .303.

This year "Poosh 'Em Up" has been pushing the ball into the air via the pop fly route instead of pushing it over the fences. What to do with Tony has been one of McCarthy's most aggravating problems.

Last fall Marse Joe, who had never seen his new club in action, made the flat declaration that Tony would play third and Ben Chapman second. Since then Chapman has been converted into a left fielder, Joe Sewell has been secured to play third and Jimmy Reese has been holding down the second base job.

Reese Hitting Poorly

If Lazzeri returns to the game, Reese will be the man to be benched, for McCarthy said today that Chapman will stay in left field and that Sewell will remain at third base. Reese has not been hitting well.

McCarthy, unlike Roger Peckinpaugh of Cleveland, has not given up hope of catching the league-leading Athletics.

"Mack's ten-game lead could be wiped out in 10 days," says Joe optimistically. "Remember the year when the Yanks blew a 13-game lead? And look at Cleveland's 12-game losing streak a while back. The same thing might happen to the A's."

"I believe our pitching will improve shortly. The hurlers were thrown out of their stride by the long string of postponements on our western trip. Gomez and Ruffing are pitching fine ball. Pippas will be all right as soon as he gets one good game under his belt. There is no reason why Sherd shouldn't be a winner."

"The fact is that all the pitchers in the league, except the Philadelphia and Washington staffs, have been in-and-out performers. I have a hunch the Yanks are due to get a lot of good pitching."

HOLD INQUEST OVER DEAD BOXER FRIDAY

PORTLAND, Ore., June 11.—(UP)—A coroner's inquest here Friday afternoon was to be the determining factor in the investigation of the death of Stanley Sargent following a boxing bout with Pete Meyers, San Francisco, Tuesday night.

The young Vancouver, Wash., middleweight failed to regain consciousness after he fell on his head from a right hand punch to the jaw in the fifth round of a scheduled six-round bout.

District Attorney Langley said no arrest will be made unless the coroner's jury recommended action.

ROBBERS' ROOST

by ZANE GREY

INSTANTMENT 10

They came to long, level valley, where the white road was like a floor, and the horses went like the wind.

What was going to be the effect of this extraordinary woman upon the fierce men of this lonely region? Upon that swarthy Hank Hays!

At last the horses had to be held in at the base of the longest ascent on the journey. Miss Herrick tucked her disheveled hair with the ends of the veil underneath the edges of her bonnet.

"What a run! I'm used to horses—but not tearing along—with a vehicle like this," she said, breathlessly.

"Wait till one of these old drivers gets a chance at you. I'm really no teamster."

"Are you a cowboy?"

"Didn't young Barnes tell you who and what I am?" queried Jim, turning to her.

"I grasped that you were a stranger to Utah—that you were from Wyoming, where you had killed many bad men, and that your mere reputation was enough out here to keep rustlers and desperadoes away from Star Ranch. Mr. Wall, you certainly are a hero in his eyes."

It did not take great perspicuity to grasp that Jim was not far from that in her eyes. He groaned in spirit.

"I see that you will not tell me about yourself," she went on. "Pardon my inquisitiveness. But I must inform you that I expect to go into the ranching business with my brother. You will be working for me, then, as well."

"I hope you don't, Miss Herrick," a burst out, impulsively. "Somebody must tell you. It oughtn't come from a—a—rider like me. But his is no place for such a girl as you."

"What do you mean, Mr. Wall? That hardly seems a compliment to me. I can work and I want to."

"Miss Herrick, you didn't get my meaning," replied Jim, hastily with strong feeling. "It is not you who couldn't fit in. You've convinced me you could. And that is the biggest compliment I could pay you. I meant that you will not be able to live, and work too, the way you want to. You dare not ride around—or even leave the house. Even that—"

"For mercy's sake, why not?" she demanded, in astonishment.

"Because, young woman, you are so new, too strange, too lovely to ask yourself in sight of these men at the ranch. Not all of them. But some of them."

"You cannot be serious."

"I swear it, Miss Herrick."

"But what of the vaunted chivalry of Westerners? I've read of remount, Kit Carson, Crook, and any others. And of the thousands who are unsung."

"That is true," he replied, his voice husky. "Thank God, I can say. But you won't find that at Star Ranch."

"You say I am too new, strange, too lovely to risk—I understand you, of course. I must doubt despite your evident strong feeling. You may be playing a eastern joke on me."

"I wish I was."

"My brother will know, if there is anything in what you say."

"No! No!" burst out Jim. "Herrick doesn't know. He never will. He can't see through a mill—one with a hole in it. Oh, don't misunderstand me. Herrick is a chap, but this is no place for an English gentleman and sportsman, any more than it is a fit place for his sister."

"That is for us to decide," she turned, coldly. "I shall ride, anywhere and everywhere. I've always ridden. I'd go mad not to get on a horse in this glorious country."

sombbrero on his head. Wasn't that silly of me?"

"Not silly. An instinct, self-preservation," returned Jim sternly.

She passed that by, but only perhaps because she caught sight of the ranch-house up the slope. Here her enthusiasm was unbounded. Herrick stood on the porch steps with his dogs. He wore high boots and a red coat. He waved.

Presently Jim reined in the sweating horses before the steps. He was most curious to see the meeting between brother and sister. She stood up.

"Bernie, old top, here I am," she said slyly.

"Yes, here you are, Helen," he replied, and stepped out to help her alight. "Did you have a nice trip?"

"Ripping—from Grand Junction in."

They did not embrace or even shake hands. Jim, coming to himself, leaped out and began remov-

ing the bags. Barnes, whom he had totally forgotten, jumped out on the other side.

"Barnes, carry the bags in, Jim. Hurry the blacks down. They're hot. You must have pushed them."

"Yes, sir. Stage was late, but we made up for it."

"Helen, where's that Wells-Fargo package?" queried Herrick.

"Here in my satchel. Oh, Bernie, it's good to get home—if this can be home."

"Come in and take off that veil," he said, and with his arm in hers led her up on the porch.

Jim let Barnes take the team, while he crossed the bench and made his way down the steep, rocky declivity to Hays' cabin. Happy Jack was whistling about the fire, knocking pans and otherwise indicating the proximity of supper.

"Howdy, Jack. What's tricks for today?" asked Jim.

"Glad you're back, Jim," declared the cook, cordially. "Anyone'd have thought you was goin' to dish the outfit—judgin' from Hays. He's been like a hound on a leash. Smoky rode in today full of ginger, news, an' a roll of long green that'd have choked a cow. But even that didn't ease the boss."

"What ailed him, Jack?" inquired Jim, not without impatience.

"Dined if I know. It had to do with your goin' to Grand, a darned sight more than Smoky's."

Heavy footfalls outside attested to the return of Hays. Without more comment Jim stood up and away from the table, to face the door. Hays entered. He was not the genial Hays of other days, yet it was hard to define the change in him, unless it consisted in a gloomy, restless force behind his stride. Smoky followed him in, agreeable by contrast.

icks, Elmer Friess, Luella Baxter, Barbara Baker, Caroleen Ahlstrom, Robert Knapp, Kenneth Johnson, Duane Wilder, Bill Williams, Arthur Jungkelt, Alberta Maas, Helen Pifer, Alberta Maas, George Griffith Jr., Wilma Stanfield and Helen Hanson.

Look Young With Mello-glo

Beautiful women, admired for youthful complexions, use MELLO-GLO, the new wonderful French process face powder. Purest and smoothest powder known. Stays on longer. No flaky or puffy look. No grime or grit. MELLO-GLO prevents large pores and never smartens or feels dry. Blends naturally with any complexion. Demand Mello-Glo.—Adv.

PUT YOUR CAR IN SHAPE FOR THE SUMMER

WITH ZEROLENE OILS & GREASES

Special lubricants are required for special needs of engine and chassis.

—for \$1.00 up
your Standard Dealer will do
a complete lubricating job.

A complete job of lubricating—for as little as \$1.00 for many cars—that starts your car off for the summer, smooth-running and fit as a fiddle!

It will make a difference in every mile you travel—

It will protect your car against summer heat and dust. Your engine will run more smoothly. Your car will handle more easily and ride more comfortably.

Standard Lubrication is a great money-saver. Bearings, gears and springs are all protected by special oils and greases, manufactured by Standard Oil Company of California for the particular needs of your car.

Underneath your car—in places you never see—
Standard Lubrication does important work.

Standard Stations, Inc., and Red White and Blue Dealers everywhere use these splendid products in servicing your car. Call on any of them for a thorough lubricating job—at the start of your summer driving.

WELLS REPORTS NEED OF ADDED COLLEGE ROOM

Growth of the Santa Ana Junior college to the point where it is a definite and serious problem to provide quarters for the institution and its increasing student body was brought before the attention of the Santa Ana board of education last night by George Wells, president of that body.

Wells presented a chart showing growth of the institution since its organization in 1915, when it started with an enrollment of 26 and average daily attendance of 23, and now has an enrollment of 744 and an average daily attendance of a fraction less than 542.

It was revealed that a similar problem exists at the Fullerton Junior college and that both institutions are faced with necessary expansion to care for the growing number of students in attendance. A conference with the

board of trustees of the Fullerton institution is to be arranged by Wells during which the subject may be discussed.

Wells declared that the situation was acute. The chart presented by Wells showed that approximately 32 per cent of the enrollment was from outside Santa Ana. The Santa Ana school district is paying a tax rate of 28 cents for the junior college, while outside districts are paying but four cents, it was stated.

Reckless Driving Charged In Suit

Charging reckless driving, Dan Graham and Jane Graham yesterday started an action to collect damages from Claude Coffman in a complaint filed at the county clerk's office.

The suit is based on an automobile accident that happened April 15 north of La Habra. Mrs. Graham asks \$7500 for personal injuries and \$12.50 for medical expenses. Dan Graham asks that the court award him \$1000 for being deprived of the comfort and society of his wife and \$250 damages done to the car.

Re-built Bikes, \$10.00 up. Fix-It Shop, 105 E. 3rd.—Adv.

WATER WORKS MATTER AGAIN IS CONTINUED

Proceedings in connection with operation of Orange county water works district No. 5, at Westminster, again were halted by the board of supervisors yesterday, when a resolution was adopted rescinding and setting aside previous action calling for bids on bonds which were to be sold to finance the work proposed to be done by the district.

The resolution declared that an error had been made in the designation of the denominations of the bonds in the notice for bids, necessitating that this portion of the proceedings be done over, using the correct denominations. The entire proceedings had once been rescinded and a new election called after an error had been found in the proceedings previously. Bids which were scheduled to be opened yesterday for the bonds, totalling some \$31,000 in value, were not received by the board.

A proposal from the Southern California Auto club to furnish new speed zone marker posts in accordance with the changes in speed limitations in residential and business districts as set by the last legislature was referred to County Highway Superintendent Nat Neff. The auto club offered to furnish the posts, install them and maintain them for a period of five years at a cost of \$7.50 each. The law raised the limit in business and residential districts five miles from the old limitations.

The hearing on the proposed Dana Point Sanitary district formation was re-set yesterday for July 14.

The board set a record Tuesday for itself, with all hearings and transactions being conducted in open meeting. It was the first time over a long period that one or more "huddle" sessions were not held in the committee room during its regular weekly meeting.

PLACENTIA, June 11.—As the closing meeting of their club year, members of the Junior Prospectors club of Calvary church held a dinner meeting June 8. Mrs. Shook, Mrs. Beebe and Mrs. Hale furnishing chicken and rabbit for the dinner.

Boys present were Keith Beebe, Vera Flanders, Paul Strickland, Billy Bob Riggan, Lewis Grimm, Bobby Ingham, Billy McNamee, Robert Hale, Charles Heinrich, Lawrence Wilsey, Dwight Shook, Lewis Manuel, Junior Hurst, Lewis Solesbee, David Simpson, Leland Meyers, LeRoy and DeWitt Lyon, Robert Marzo, Robert Johnson and the club leader, Don Milligan, with his assistant, Paul Rouse.

Tuesday evening the Senior Fishermen met for their regular dinner with 15 present, and as a mark of appreciation for Mrs. C. L. Green, who has prepared their dinners this year, presented her with a Schofield Bible.

Next Monday the Junior and Senior Prospectors will go to Camp Bethel for a week.

Funeral Services For Alex Kuenzli Set for Tomorrow

BREA, June 11.—Funeral services for Alex Kuenzli have been arranged for Friday afternoon at 2 o'clock from the chapel of McAulay and Suters in Fullerton, with interment in Loma Vista.

Mr. Kuenzli died Wednesday morning about 10 o'clock at the hospital to which he was taken about 10 days ago following an illness of many months at his home on South Flower street here. He succumbed following a slight operation made necessary by the accumulation of excess fluids.

Mr. Kuenzli, who had been a resident of this city for more than 25 years and of Brea for the past three years, is survived by his widow, Mrs. Maybelle Kuenzli; two sons, Gilbert and Robert Kuenzli; a daughter, Ethel Kuenzli, all of this city, and a married daughter, Mrs. Maybelle Pittsgrud, of Los Angeles.

During his residence in Brea and vicinity he had been an employee of the General Petroleum company, only giving up his work on that lease about six months ago when his condition became such that he could no longer continue with his duties there.

It is said that the Bibliotheque Nationale in Paris is the largest library in the world. It contains more than 4,000,000 books and a vast collection of manuscripts, pamphlets and other literature.

Issue Warrant For Paul Breithaupt

A bench warrant was issued yesterday by Justice Kenneth Morrison for Paul Breithaupt, formerly of Bishop and Halladay streets, Santa Ana.

Breithaupt was in court here last fall, charged with failure to pay wages and was given probation on condition he make monthly payments to the court. He failed to do this and the bench warrant was issued.

COMPLETE PLANS FOR DRY MEETING

Plans have been completed for a meeting to be held at 5:45 p. m. Sunday in the First Baptist church, that, according to Ralph Smedley, Y. M. C. A. secretary, will result in the organization of a county-wide Youth Prohibition Movement. Important features of the meeting will be an address by S. E. McClure, well-known editor and publisher of Laguna Beach, and enrollment of members for the movement. McClure has chosen for his topic "Facts About Prohibition."

Temporary officers named to conduct the meeting Sunday are: Harold Fish, chairman; Kenneth Beard, vice-chairman; and Mary Detweiler, secretary. Seldon Martin and Cardwell Oglesby will be in charge of the ushers. Song services, preceding the talk and business session, will be conducted by James H. Hughes.

According to Smedley, invitations have been sent to the young people of every community in Orange county and a large attendance is expected. The church gallery will be opened to adults who wish to attend.

EDISON OFFICIALS STUDY NEW TURBINE

Executives of the Southern California Edison company, are studying the progress being made with the mercury-vapor turbine being developed by the General Electric company at Schenectady, N. Y., with the view of adopting this advanced type of electric generating equipment for the next 123,000 horsepower unit to be installed at the Edison Long Beach steam-electric generating station, according to the announcement yesterday of Fred B. Lewis, vice president and assistant general manager of the Edison company. A 10,000 kilowatt mercury-vapor turbine installed some two years ago at Hartford, Conn., has proved so successful, according to advices from General Electric officials, that this company is now building a 20,000 kilowatt plant of this same type for use in the General Electric works at Schenectady.

The economies developed in this type of generating plant, Lewis said, are so remarkable and so much greater than even the highly efficient steam-electric plant now in operation at the Edison station at Long Beach that serious consideration is being given by the Edison company to its adoption at this time. Experience with the mercury turbine has shown low fuel consumption consistently over a long and the ease in operating this type and the ease in operating this type of generating apparatus has been demonstrated fully. He also said that experience has indicated that maintenance costs will be less than with present type of steam plants.

New Bicycles \$27.50 up. Fix-It Shop, 105 E. 3rd.—Adv.

LICENSE LAW IS OUTLINED TODAY

Calling attention to the contractors license laws recently signed by Governor James Rolph Jr., Frederic Sanford, secretary-manager of the Orange County Builders' Exchange, has issued a statement, explaining the laws to local contractors and giving the substance of the governor's reply to representatives of the building industry as he signed the bills:

"One of the bills is an emergency measure providing for financing the activities of the registrar of contractors and becomes effective at once. It increases the license fee from \$5 to \$10 a year while the other bill amends the present law to make it more workable and to correct several features that were objectionable to both the contractor and the department. Copies of the new laws will be on file at the Builders' Exchange in the near future."

Charging irregular proceedings, abuse of discretion by the court, accident and surprise and misconduct of the jury, a motion for a new trial was filed today by Z. N. Bulpitt versus Fred Gunther Jr., et al. Damages as a result of injuries received in an automobile accident was the motive for the filing of the original complaint.

Judgment for \$1059.73 and costs were awarded Carol F. King in a suit against C. M. Horn et al. by Judge Allen in the superior court yesterday afternoon. The original complaint charged failure to pay obligations for labor and material.

FOURTH OBSERVED PREMATURELY HERE

Although the Fourth of July is still more than three weeks away, the Santa Ana police department already is working overtime, trying to enforce a city ordinance which prohibits the shooting of fire crackers inside the city's limits.

Calls from irate citizens are being received regularly at the police station, and officers on each call are sent out to investigate the shooting of firecrackers in all sections of the city. So far, no arrests have been made.

Yesterday police were called to 415 South Broadway, Fourth and Bristol streets, 1700 West Fourth street and to 1432 West Fourth street. In most cases the boys asserted to have been firing the firecrackers were not found.

RESOURCES OVER

100 MILLIONS

1931

IS REWARDING CAREFUL SAVERS

TWO and a half years ago we said "1929 will reward careful savers." A safe prediction, made and confirmed not only in 1929 but in 1930. And now again in 1931. For the experience of our saving customers this year again abundantly proves the wisdom of careful saving.

Many thousands of people throughout the Nation have had worrisome, disappointing, and disastrous financial experiences. By contrast our customers' funds are intact, have been available at need, and have yielded a good return without interruption. These advantages have brought them peace of mind, doubly precious in times like these.

Our 80 thousand savers have good cause for self congratulation. They have seen this institution's strength not only fully maintained, but steadily enhanced.

Our cash and bond reserves are intact; our bank credit is unused and fully available in case of need; our capital funds are being progressively increased; our loans, well secured and efficiently collected, are in a notably sound condition.

Today we carry, for the protection of our savers, more than ten million dollars in special reserve, unallocated earnings and capital funds.

These are the indications that careful saving will continue to earn its proper rewards here.

Large or small funds earn 5% term savings a slightly higher yield. Send for our Statement.

CLOSING MEETING IS HELD BY CLUB

PLACENTIA, June 11.—As the closing meeting of their club year, members of the Junior Prospectors club of Calvary church held a dinner meeting June 8. Mrs. Shook, Mrs. Beebe and Mrs. Hale furnishing chicken and rabbit for the dinner.

Boys present were Keith Beebe, Vera Flanders, Paul Strickland, Billy Bob Riggan, Lewis Grimm, Bobby Ingham, Billy McNamee, Robert Hale, Charles Heinrich, Lawrence Wilsey, Dwight Shook, Lewis Manuel, Junior Hurst, Lewis Solesbee, David Simpson, Leland Meyers, LeRoy and DeWitt Lyon, Robert Marzo, Robert Johnson and the club leader, Don Milligan, with his assistant, Paul Rouse.

Tuesday evening the Senior Fishermen met for their regular dinner with 15 present, and as a mark of appreciation for Mrs. C. L. Green, who has prepared their dinners this year, presented her with a Schofield Bible.

Next Monday the Junior and Senior Prospectors will go to Camp Bethel for a week.

Funeral Services For Alex Kuenzli Set for Tomorrow

BREA, June 11.—Funeral services for Alex Kuenzli have been arranged for Friday afternoon at 2 o'clock from the chapel of McAulay and Suters in Fullerton, with interment in Loma Vista.

Mr. Kuenzli died Wednesday morning about 10 o'clock at the hospital to which he was taken about 10 days ago following an illness of many months at his home on South Flower street here. He succumbed following a slight operation made necessary by the accumulation of excess fluids.

Mr. Kuenzli, who had been a resident of this city for more than 25 years and of Brea for the past three years, is survived by his widow, Mrs. Maybelle Kuenzli; two sons, Gilbert and Robert Kuenzli; a daughter, Ethel Kuenzli, all of this city, and a married daughter, Mrs. Maybelle Pittsgrud, of Los Angeles.

During his residence in Brea and vicinity he had been an employee of the General Petroleum company, only giving up his work on that lease about six months ago when his condition became such that he could no longer continue with his duties there.

It is said that the Bibliotheque Nationale in Paris is the largest library in the world. It contains more than 4,000,000 books and a vast collection of manuscripts, pamphlets and other literature.

Of course I've switched to CAMELS

You don't have to look beyond your own intimate circle to realize what has happened.

Everywhere you see evidence of a great country-wide switch to Camels.

That is because the new Humidor Pack performs a real new service for the smoker.

Throughout the nation, literally millions of people have found by actual test that the new air-sealed, sanitary package of moisture-proof Cellophane not only keeps out dust and germs, but also keeps in the rich, mild flavor of the choice Turkish and mellow Domestic tobaccos of which Camels are blended.

To show their real appreciation of the Humidor Pack Camel smokers from all parts of the country write letters telling the advantages of this scientific new wrapping.

Women tell us they carry Camels in the Humidor

Pack in their handbags without having them absorb powder and perfume odors. Workingmen say this moisture-proof wrapping protects their cigarettes from perspiration and pocket dust. Sailors are enthusiastic because the damp salt air does not reach Humidor packed Camels.

All real benefits of course, but the chief fact that is causing this great nation-wide swing to Camels is the protection which this air-sealed wrapping gives to the choice Turkish and mellow Domestic tobaccos of which Camel cigarettes are blended.

No peppery dust to irritate the membrane; no dried out tobacco to burn the tongue or sear the throat. Just the fresh, cool mildness of perfectly conditioned tobacco.

Switch to Camels for one day, then quit them

Announce Plans For Flag Day Celebration Monday

PARADE. MUSIC BY BAND WILL BE PRESENTED

THIRTY ARE TO SEEK CITIZENS' PAPERS FRIDAY

Plans now being completed for the joint celebration of Flag day, which will be held by the Santa Ana lodge B. P. O. E. and the Santa Ana post of the American Legion, at Birch park next Monday night, call for a parade in which many fraternal and patriotic organizations will participate.

Bob Walker, a member of both organizations, has been chosen to act as marshal for the occasion and today announced that the following groups were expected to be in the line of march: American Legion, Elks, G. A. R., Daughters of Union Veterans of the Civil War, Women's Relief Corps, of Huntington Beach, Shiloh circle Ladies of the G. A. R., Veterans of Foreign Wars, Co. L. California National Guard, Legion drum corps, Boy Scouts, Disabled American Veterans, V. F. W. drum corps, and Spanish American War Veterans.

Those participating in the parade will meet at the Elks hall at 7:30 p. m. next Monday and the parade is scheduled to start at 7:45 p. m. Its line of march will follow Sycamore street to Fourth, west to Birch, then south to the park, where a program will be given.

The Santa Ana Municipal band will give a concert at the park, commencing at 7:30 p. m. and the Flag day ceremonies will start with the arrival of the parade units at 8 p. m.

160 ENROLLED IN H. B. BIBLE SCHOOL

HUNTINGTON BEACH, June 11.—The Baptist, Christian and Methodist churches of this city have combined to conduct a vacation Bible school. One hundred and sixty students are enrolled. Enrollment of high school students next week is expected to increase this enrollment materially.

Following the registration an assembly was held and punch and wafers were served. The beginners' department for children four or five years of age was held at the Methodist church with Mrs. Della Fox as director. The primary department is being held at the Baptist church with Mrs. James Ranney as director. The junior department is being held at the Christian church under the direction of Mrs. Hassel of Costa Mesa.

The Vacation Bible school is to

Selected from the senior members of the Girl's Glee club at the Santa Ana High school as the best singers, the seven girls in the picture below will be featured on the Commencement program tomorrow night. The Senior Septet has appeared many times before audiences in Santa Ana and Orange county and has built up a fine reputation. The singers as they appear from left to right in the picture are Miss Theo Schwaiger, instructor, Virginia Roberts, Ramona Smith, Harriette Morris, Margaret Fine, Grace Fox, Mary Nalle, and Martha Kuffel.

PERISCOPING PROSPERITY FOR SANTA ANA BUSINESS

Expressing a definite opinion that the business depression has lifted and that a return to normal prosperity is but a matter of adjustment J. C. Horton, prominent furniture dealer of this city, yesterday offered a new theory on the cause of the recent decline.

While the majority of business men hold to the opinion that the depression created the unemployment situation, Horton is firm in the belief that unemployment was the basic cause of the depression. In proof of this contention he said:

"The primary cause of the depression was a surplus of merchandise and basic commodities accumulated in the mills and retail stores. This surplus of 'distress merchandise' was the natural product of an overproduction era and tied up resources to such degree that manufacturing had to cease until this surplus was consumed. Naturally thousands of men were thrown out of employment. It was then that the financial depression made itself felt in all lines.

"With the majority of this surplus stock disposed of the mills have resumed operations and an optimistic tone has been noted during the past few months.

"This 'distress merchandise', while costly to the manufacturer and distressing to the men thrown out of work because of it, has been a good thing for the retailer as it has given him an opportunity to offer real bargains to the buying public.

"We have been in a position, in this store, to offer better values, due to this over supply of commodities, to our customers and because of this our business has been stimulated.

"I believe that business is on the upgrade and prosperity will return. The best evidence of this is the fact that the mills are again producing and the 'distress merchandise' is gone. At present the factories are turning out only such merchandise as the public can consume. It is only a question of a little time until business will be on the road to normal. In spite of the fact that in 1929 and the middle of 1929, just before the decline started, business was considered above normal. I believe we will attain a peak of prosperity that can compare with those years. Out of

every depression there comes a reaction that carries standards higher and I do not believe that this recent decline is any different from others through which the nation has passed successfully. "To summarize the situation I would say that while the depression threw many people out of work the cost of living has been so reduced that the man who has retained his position has automatically been given an increase in wages even though his cash emolument is the same as it was in 1929. The man who has been forced to take a reduction will not have to make a material change in his living standard because of the increased buying power of the dollar.

"There is a dammed up demand for merchandise of all kinds. People have delayed buying through fear for the future. As they regain their confidence and start

MUSIC, DANCES PROVIDED FOR BREAKFASTERS

A bunch of good eggs were given a lot of good entertainment (not ham stuff either) when the Santa Ana Breakfast club met this morning. With James Merigold acting as master of ceremonies club members were treated to a program of singing, dancing and orchestra music.

The Claire Cotant School of Dancing provided the singing and dancing numbers on the program and Norman Morgan's seven-piece orchestra took care of the harmony. Two song and dance numbers were presented by a group of juveniles and gathered round after round of applause. Taking part in this number were Glenna Joan Foeter, Marie Louise Linberger, Betty Beryl Banks, Milton Foster and Henry Segerstrom.

Two other dance numbers were presented by the Misses Lorine McMillan and Vera Getty, two of Miss Cotant's advanced pupils.

The surprise number on the program was offered by a member of the club, Floyd Stewart, in a soft shoe dance number.

Club members were invited to be the guests of Norman Sprawl at a breakfast to be served on the stage of the Broadway theater on the morning of July 2. The invitation was unanimously and vociferously accepted. Sprawl will provide all entertainment for that meeting of the Breakfasters.

BIRTHDAYS OBSERVED

OLIVE, June 11.—Birthdays of three family members were celebrated this past week at an annual affair held in the home of Mr. and Mrs. Roy Burbank in Olive. Those honored were Mrs. Cecil Beard, of Orange, Mrs. G. R. Martin, San Dimas, and Mrs. Puri Shell, Whittier.

A chicken dinner was served at noon, with appointments prettily carried out. Many gifts were presented to the honorees.

Those present included Mr. and Mrs. Puri Shell, Whittier; Mr. and Mrs. G. R. Martin, San Dimas; Mr. and Mrs. Cecil C. Beard, Orange; Mrs. P. A. Burbank, Miss Thelma Burbank and Miss Marjorie Bush, Long Beach, and the hosts, Mr. and Mrs. Roy Burbank.

Calumpit camp members have been invited to attend the Valencia Orange Show and County Fair on Saturday, when a Spanish War Veterans' day will be the program and Congressman Joe Crall will speak some time between 2 and 4 p. m. This being the first time the Spanish War Veterans have been recognized in this manner in Orange county, the members have been urged to make an extra effort to make the day a memorable one.

buying business will be affected and no doubt commodity prices will increase."

Oddities in the NEWS

SPARE TEETH

By NEA Service
SAN FRANCISCO, June 10.—If a suggestion made by Dr. Frank H. McKevitt, dentist, is carried out it won't be long until manufacturers are producing a "spare false

teeth. The dentist declares every well-dressed man should have "dental spares" just as well as extra suits. Nothing was said about repair shops where mechanics mend broken plates while the owner parks at the curb.

MEN'S CLUB ENJOYS SCOUTING PROGRAM

A demonstration of Scouting and a court of honor conducted by Harrison White, scout executive, constituted the program of the Men's club of the First Baptist church held at Irvine park Tuesday night.

Scout Earl Ruddy explained the significance of scouting, and Scout Albert Hill Jr. played a cornet solo. Watson Ruddy, of Orange, sang two numbers. This portion of the meeting was presided over by Harvey DeWolfe, chairman of the troop committee of Troop 20, which is sponsored by the Men's club.

The meeting followed a steak supper at which the families of the club members were guests.

At a short business meeting the following were elected officers for the coming year: C. E. Pollins, president; Guy Paquette, vice president; John James, secretary; Elwood Rittner, treasurer. A. R. Marshall is the outgoing president.

ASSOCIATION PLANS SURVEY OF BUSINESS

Preliminary arrangements were set in motion today for a comprehensive and authoritative business survey through 1200 credit bureaus throughout the United States, the results of which will be made public at the 19th annual convention of the National Retail Credit association to be held in St. Louis from June 16 to 19. The Business Men's association here will make a survey and relay results to the national convention.

The results of the survey will be brought to the convention on June 18 through a demonstration of an international communications hookup made possible through the cooperation of the Postal Telegraph and Cable company. The entire United States, foreign countries and even ships at sea will be contacted.

While many surveys and business analyses have been undertaken they have been for the most part incomplete because the sources of information reflecting accurate business conditions have not been made available, according to R. Earl Ruddy, manager of the Santa Ana Business Men's association, which is one of the 1200 affiliated bureaus of the national association. The local bureau will make a survey and relay the results to the national convention as part of the program.

Discussing the survey Ruddy declared: "Requests for accurate current information on retail credit trends can only be opinions. It is a sad admission to make, but there is at present no satisfactory means of gauging national or even sectional conditions in this important division of the retailing field. Is it any wonder that some policies must be adjusted week by week? Undoubtedly, a great boon to modern retail business will come the collection and distribution of accurate marketing news of the trends of retail credit throughout the country. The National Retail Credit association has taken steps to gather monthly data that will be available to the public in the future."

TAILORED AT FASHION PARK

Wedding Anniversary Celebrated With Dinner Party

The wedding anniversary of Mr. and Mrs. Bingham Watson, Garden Grove, was happily observed this week when a group of friends gathered in the home for an evening of bridge.

Proceeding the card session, the hostess served a delicious dinner at a large dining table, prettily appointed in pastel tints. Included in the last course, were home-made ice cream and feather cake. Decorations and gladioli were used to decorate the rooms. Prizes for high score at bridge were presented to Mr. and Mrs. Delbert Johnson, while awards for second high went to Mrs. Dan P. Stewart and Gray Snyder.

Guests asked to share the event with Mr. and Mrs. Watson and their son, Wilbur, were Mr. and Mrs. Gray Snyder and son, Norman, Long Beach; Mr. and Mrs. Delbert Johnson and Mr. and Mrs. Dan P. Stewart, Santa Ana.

Beauceant Members To Give Garden Party

The Social order of the Beauceant will present a garden party for members and friends on Monday afternoon at the pretty home of Mrs. E. A. Jones, 2327 Benton Way.

Elaborate plans are being made for the affair, with Mrs. W. Verne Whitson as chairman of the committee whose members are Mrs. J. W. Hancock, Mrs. B. E. Dawson and Mrs. Jones. Reservations may be made through any one of this group, and should be made in advance to insure having tables for the bridge session to begin at 2 o'clock. The committee members have named an unusually low price for the tickets, as they wish to have a large crowd present to enjoy the beautiful surroundings and the various plans for entertainment.

For in addition to bridge there will be a game program for those who do not care for cards, while needlework too will be a leading feature so that guests may follow their own inclinations. The serving of refreshments at the tea hour will be followed by prize awards. Proceeds from the party will be added to the Beauceant pledge to the new Masonic temple.

Original Play Given For Quill Pen Members

Introducing an innovation in Quill Pen club programs, a little group of members of that organization presented an original play Tuesday night in the Marshall Harolds home, 414 East Walnut avenue.

The sketch, "Annabel Arrives," exemplified the originality of two members, for it was written as a short story by Mrs. Blanche Brown, and dramatized by Mrs. S. B. Marshall. As it was presented, Mrs. Brown had the ingenue role, "Annabel Miller;" Mrs. Marshall and Mrs. J. U. Vau had the amusing character roles of "Lizzie Watkins" and "Hannah Douglas;" Mrs. R. A. Cushman was "Freeman," a real estate salesman; Mrs. Frank Was was "Cholmondeley," an Englishman, and Eleanor Young Elliott was "Jack Layton," a motion picture star.

Additional program features included a 20-minute interval devoted to naming the best and the most disappointing books the members and guests had read, and their reasons for their opinions; a short story, "Journeys End," by Miss Pearl Camblin; a story, "Meet the Browns" by Mrs. Mariah Adams, and a group of vivid "Impressions" by Miss Verna Wells.

At the conclusion of the evening Mrs. Harolds, assisted by her daughter, Miss Charlotte Harolds, served refreshments to her friends who included Mrs. N. E. Wells, Miss Verna Wells, Mrs. Maude Goff, Mrs. J. D. Campbell, Miss Pearl Camblin, Mrs. Frank Was, Mrs. S. B. Marshall, Mrs. J. U. Vau, Miss Lella Watson, Mrs. Harry M. Smith, Mrs. Marah Adams, Mrs. Herman Reuter, Mrs. R. A. Cushman, Mrs. Blanche Brown and Mrs. Elliott, members, and three guests, Mrs. Frank Lansdown, Mrs. C. M. McClintock and Mrs. Norman Sprowl.

Three Honorees Are Incentives For Lovely Shower

Relatives and friends from various southern cities were present recently when Mrs. William Don Castillo entertained in her home in Compton honoring Miss Eleanor Walker, of this city, bride-elect of Harold Leach, Mrs. Ronald Burke, formerly Miss Pearl Nichols, and Mrs. Hector Heacock.

Games in interesting variety were played. Special piano numbers were given by Miss Edna Laughlin of Long Beach, and the hostess, Mrs. Castillo. Refreshments of moulded raspberry dessert, cookies and punch were served, and a red and yellow color-scheme was observed. Flowers used for decorations were gladioli and roses. Mrs. Castillo was assisted in serving by her mother, Mrs. J. C. Morton.

Late in the evening the three honorees were presented with gifts of miscellaneous order from their assembled friends.

Those present were the hostess, Mrs. Castillo and Mrs. J. C. Morton, Mesdames C. C. Heacock, Ray Heacock, Ronald Burke and Hector Heacock, Compton; Mrs. Arnold W. Walker, Miss Maybelle Walker, Miss Eleanor Walker, Mrs. Dwight Miller, Miss Martha Planchon, Mrs. J. Sorten, Santa Ana; Miss Louise Grist, Miss Dorothy Grist, Tustin; Miss Edna Laughlin, Miss Margaret Fowler and Mrs. Paul Morton, Long Beach. Miss Laura Dunlap, Mrs. George Arrey, Miss Lucille Arrey, Los Angeles; Mrs. Lyle Addison, Inglewood; the Misses Kathleen and Louise Benefield, Los Angeles, and Miss Helen Manderscheid and Mrs. Forest Paige, Costa Mesa.

COLLEGE SOCIAL ACTIVITIES ARE CLIMAXED BY BANQUET

Serving as the climax to the year's social activities at Santa Ana junior college, was the all-college spring banquet held Tuesday night in Ebell clubhouse, and attended by approximately 175 students, faculty members and guests. The pleasant surroundings of the peacock room, scene of the gala event, were enhanced by the clever decorations and the soft glow of countless tall candles. Corsage bouquets for the fashionable guests and gardenia boutonnieres for the men, were special features.

George Griffith, commissioner of social activities, was in charge of the affair, assisted by Miss Velma Bishop, who supervised the program. Miss Marian Parsons, who arranged the seating, and Robert Marshall, who made the programs, John "Sky" Dunlap, retiring student president, acted as toastmaster for the evening.

Following the turkey dinner, a varied program was given. Marion Nau played two violin solos, accompanied by her sister, Miss Mary Nau, his numbers being "La Gitana" by Kreisler and "Ore's War Dance" by Cardin. Other music was offered by Mr. and Mrs. Holmes Bishop, accompanied at the piano by Miss Velma Bishop. Mrs. Bishop, soprano, sang three numbers in her group, "The Fairy Children" by Besley; "Canterbury Bells" by Besley and "My Garden" by Edwyn.

Mr. and Mrs. Bishop then sang two duets, "O That We Two Were Maying" by Smith and "I Arise From Dreams of Thee" by Yeats. Mr. Bishop concluded with a basso group, "Where Be Ye Going?" by Quilter; "The Wind" by Spross and "Bedouin Love Song" by Pin-sull.

Addresses of the evening were given by President D. K. Hammond and Dean McKee Fisk. President Hammond had as his subject "Interesting Alumni" and gave a review of the alumni since the junior college was organized in 1918. He named some of the outstanding members of each class and told briefly what each had accomplished. Dean Fisk told of the characteristics an alumnus should have under the topic of "An Ideal Alumnus."

The introduction of the old and new executive boards was also a highlight of the evening. Dunlap thanked the retiring officers, and then introduced Tom Clark, vice president; Miss Ada Marie Hendrickson, secretary; Bruce Harding, treasurer; Richard Robbins, editor of El Don; Miss Betty Maloney, editor of Del Ano; Wayne Flinn, forensics commissioner; George Blair, men's athletics commissioner and Miss Helen Hendricks, women's athletics commissioner. J. Russell Bruff, adviser of the board for the past seven years, was presented a fountain pen desk set from the executive board in appreciation of his work which will be concluded this year with his retirement.

New Officers
During the course of the evening, Dunlap turned over the historic college gavel to George Griffith, his successor for next year. Griffith made his acceptance speech and then introduced his executive board for next year, which consists of Robert Brown, vice president; Miss Eugenia Gire, secretary; Dante Sircusa, treasurer; Paul Wright, editor of El Don; Miss Dulcie Green, editor of Del Ano; Louis Bates, forensics commissioner; Miss Marjorie Arnold, social commissioner; Wilton Hilliard, men's athletics commissioner; Miss Lorna Allen, women's athletics commissioner and Dean McKee Fisk, adviser.

Class Gifts
The concluding number on the program was the presentation of the sophomore class gift by Warren Schultz, president of the graduates. A large painting by William S. Griffith of Laguna Beach and pictured the eucalyptus trees at Carmel-by-the-Sea. It was accepted on behalf of the Associated Students by George Griffith, son of the painter.

Matches that go out after a definite period after they have been lighted and self-extinguished cigarette tips have been developed by the U. S. Bureau of Standards to lessen fire hazards.

Wedding Anniversary Celebrated With Dinner Party

The eighth anniversary of the marriage of Mr. and Mrs. Fred R. Schweitzer of 1024 Kison drive, was not permitted to go unobserved by friends of the family, although the pleasant observance of the occasion was planned as a complete surprise to Mrs. Schweitzer, when her husband, through the co-operation of Mr. and Mrs. Joseph H. Daniger, their next neighbors on the Drive, was host at a dinner party given in the Daniger home.

In planning for the enjoyable affair, Mrs. Daniger chose velvet-petted pansies for her floral effect, arranging the table with baskets of the colorful blossoms. They were especially effective as decorations for the bride's cake which was served with the dessert course. Mr. Schweitzer's daughters, Miss Marjorie Schweitzer, just home from University of Southern California where she completed her junior year, and Miss Frances Schweitzer, a 1931 alumna of Pomona college, assisted in all the happy plans, while the youngest of this trio of sisters, 9-year-old Miss Olive, added piano solos to the after-dinner entertainment.

The enjoyable dinner menu was served to the complimented pair, Mr. and Mrs. Schweitzer, Mr. and Mrs. Daniger, Mr. and Mrs. John Lounsbury of Los Angeles; the Rev. Mr. and Mrs. George A. Warner, Mr. and Mrs. Harry Theal, Mr. and Mrs. George Wetherway of Anaheim; Mr. and Mrs. J. R. Head and the Misses Marjorie, Frances and Olive Schweitzer.

Mr. and Mrs. Horace M. Lee and son, Charles, 1805 Spurgeon street, left Monday for St. Louis, Mo., by motor. They will visit relatives there. Mr. Lee will return in about a month, while Mrs. Lee and Master Charles plan to remain for two or three months.

Dr. and Mrs. H. E. Bowers and sons, Robert and Ralph, of Lake City, Minn., and Mr. and Mrs. Ed Hope of Elsworth, Wis., are visiting in the home of Mr. and Mrs. M. U. Martin, 115 East Chestnut avenue.

Mr. and Mrs. Walter Clothier and daughter Muriel, Los Angeles, are spending this week with Mr. and Mrs. W. A. West, West Seventeenth street. Mrs. Clothier and Mrs. West are sisters.

Miss Dolores Ordoqui and her sister, Miss Marie Ordoqui, of Los Angeles were recent guests of Mr. and Mrs. W. A. West, 528 West Santa Clara avenue. The sisters formerly lived in Santa Ana and Miss Dolores Ordoqui was the pianist at the Princess theater when it was the leading amusement house in the city. She is now a musician for Richard Dix, accompanying his scenes with the special music required for each varying emotion. Prior to that she occupied the same position for Pauline Frederick.

Mr. and Mrs. E. R. Majors of 2412 Heliotrop drive, have as houseguests, Mrs. Major's brother-in-law and sister, Mr. and Mrs. Floyd Kendrick of Shreveport, La., and the little daughter of one of their friends in the southern city, Cora Collins. The visitors made the trip by automobile, stopping en route for visits in Texas and Arizona. They will be here for an indefinite length of time.

Mrs. B. J. McReynolds and two children who returned recently from a month in the San Bernardino mountains, again have left for the mountain resort where they will remain for the summer months with the hope that the altitude and fresh mountain air will hasten the recuperation of the 13-year-old daughter from a severe illness which she experienced early in the spring.

Mr. and Mrs. Fred Hein of Newport road, and Mr. and Mrs. C. A. Bowers of Trask avenue, have had as guests the past week, their cousins, known on the RKO vaudeville circuit, as "Les Kellers." The artists have been playing at Long Beach after two years spent in Europe.

Mr. and Mrs. Fred Hein were recent dinner hosts in their suburban home, to Mr. and Mrs. James H. Hughes, Mr. and Mrs. Earl Kent and Mr. and Mrs. Edward H. Burns of this city.

Mr. and Mrs. Edward Daley and family moved last week from 809 West Washington avenue to 702 Bush street.

Mrs. James P. Ryan, 320 West Second street, spent today with friends in Los Angeles.

Mr. and Mrs. William Wetherston of Altadena, parents of Mrs. W. C. Dunlap of 2143 North Main street, were visitors in Santa Ana yesterday and attended the commencement exercises of the Santa Ana junior college.

Thomas A. Weir, of Torrington, Wyo., has arrived for a short visit with his mother, Mrs. Mary J. Weir, 301 Stanford street, and other relatives. Upon returning home he will be accompanied by his nephew, Tommy Weir, 1618 Spurgeon street, who will spend the summer in Wyoming and Colorado.

Ebell Board Chairman Presides at Pretty Luncheon

Taking a delightful method of expressing her appreciation of the co-operation offered by her board members during her year as chairman of the Ebell Day Nursery, Mrs. W. W. Kays entertained Tuesday at a luncheon in her home, 528 West Santa Clara avenue.

Daisies and fringed scabiosa blossoms blended beautifully into the chosen yellow and orchid color scheme of the luncheon appointments, providing a charming floral arrangement for the table. Covers were laid for the hostess, Mrs. Kays, the retiring Ebell president, Mrs. Robert G. Tutill, and for Mrs. Perry E. Lewis, Mrs. Edward C. Erwin, Mrs. M. C. Williams, Mrs. James L. Allen, Mrs. C. E. Blawie, Mrs. Lena Gulick Hewitt and Mrs. Oliver H. Umberham. The only absent member was Mrs. Roy Peterson.

Of this group, Mrs. Lewis, Mrs. Erwin and Mrs. Williams are completing their terms as board members and will be succeeded by three other Ebell women in next year's work.

Members of this closely knit little group have played cards so frequently upon other occasions, that all were happy to devote the after-luncheon interval to informal chat of club activities and plans for further work for their common cause, the Day nursery.

Four Girls Honored At Gay Party in Lewis Home

The home of her uncle and aunt, Mr. and Mrs. W. O. Lewis, 2026 Santiago street, was the setting for a lovely affair given this week by Miss Hazel Borden. She planned the party as a special courtesy to her sister, Miss Lucille Borden of San Diego, and to three friends, the Misses Henrietta, Martha and Ruth Heemstra of this city who plan to leave soon for a vacation in Iowa. Miss Borden has just been graduated from high school, and is visiting here.

Large baskets of flowers, with gladioli and dahlias predominating, were used to decorate the rooms where games and contests of many varieties were enjoyed. Especially clever was a contest in which the young men were requested to model dresses for girls from newspapers. They were given no scissors, and many were the unique styles created.

With the close of the evening, refreshments were served on individual trays, with pink carnations serving as favors for girls and blue bachelor buttons for boys.

Those present were the Misses Mary Fine, Henrietta Heemstra, Margaret Fine, Dora Tedford, Martha Heemstra, Lucille Borden, Ruth Heemstra, Hazel Borden and Messrs. Ralph Morrison, Walter McClure, Cecil Aker, Robert Walton, Cardwell Oglesby, Raymond Todd, Marvin Walton and Walter Omalay.

Business Girls Have Steak Bake at Irvine Park

Julie steaks and all toothsome accessories, including watermelon for dessert, were shared by members of the Wyandean Maedgen club of the Y. W. C. A. who attended the picnic held Tuesday evening at Irvine park. The steaks were excellently prepared by Delbert Wilkinson.

The committee making arrangements for the affair included the Misses Charlene Swartz, Ruth Potter, Dorothy Lutz, Dorothy Dresser, Katy Spioer and Mrs. Delbert Wilkinson.

Miss Audrey Chastain, new president of the club, announced that instead of the regular meeting next Tuesday evening, June 16, a beach party will be held at Laguna Beach. Girls should telephone reservations to the Y. W. C. A. as soon as possible, and all those who can take automobiles are urged to do so.

Young people of the community are entertaining lively anticipations of the informal dance which PI chapter, Sigma Tau Psi, and Beta chapter, Sigma Theta sororities are to present Saturday evening in the Social clubhouse at San Clemente. The party will be open to all who enjoy dancing, and cards may be secured through Miss Alice Majors, Miss Jeanne Rowland, Miss Dorothy Beals, Miss Marguerite Lentz, and various other chapter members.

Dancing will begin at 9 o'clock, and to insure the quality of the music, the sorority members have engaged the ship's orchestra of the Harvard, whose members will be present from Long Beach. The ball room will be brilliant with the yellow and gold of Sigma Tau Psi, and the blue and gold of Sigma Theta, and the banners of the two sororities will be prominently displayed at opposite ends of the long room.

Among the features will be a special dance for a handsome cup to be awarded the winning couple. Married members of the two sororities will act as chaperones, and patronesses, and many of these will remain to chaperon individual groups lingering for the week-end in the Spanish Village, where bridge, golf course, swimming and boating offer their various lures to those on pleasure bent.

Tenth Birthday Party Is Occasion For Merriment

An occasion for much merriment was the tenth birthday of Dorothy Purlington, celebrated with a party recently in the home of her parents, Mr. and Mrs. A. E. Purlington on Berrydale road. The affair was held after school, and children played games both indoors and outdoors.

In a special guessing contest Irene Purlington and Frederick Krause won prizes for scoring high while Dorothy Swenson and Billie Sutter were consoled. Several guests gave piano solos.

Refreshments were served indoors, and decorations were carried out in pink and white. Pink candles lighted the table where a large birthday cake in the chosen color scheme held the place of honor. Nut cups were in pink, as were the rosebuds which were combined with fragrant white lilies in completing the decorative theme.

The little honoree received many gifts. Her friends present included Lenora Anderson, Lucile Ashley, Evelyn Echandy, Fay Sutton, Frederick Krause, Billie Sutter, Dora Swenson, Ila-Rae Lewis, Irene Purlington and Frank Purlington. Dorothy's grandparents, Mr. and Mrs. Frank Rounds, and Mrs. Mabel Purlington were present. Other relatives there included her great-aunt, Mrs. Josephine Blood, Dorothy's mother, Mrs. Purlington, was assisted in entertaining by Mrs. W. M. Martin.

Home Is Scene Of Party

Pleasantly informal was a card affair of the week when Mrs. Ray Haynes entertained a group of close friends in her home at Huntington Beach. Bouquets of pink roses and carnations decorated the rooms.

Concluding the session of bridge, prize for high score was awarded to Mrs. Harry F. Coleman. A tempting two-course supper was served at the card tables which were centered with flowers.

Those sharing the hospitality of Mrs. Haynes were Mrs. Harry F. Coleman, Mrs. Edwin Schick, Mrs. Earl Patterson and Mrs. Joe McCormack, Santa Ana; Mrs. Faun Masler, Mrs. Dwight Clapp and Mrs. B. O. Conrad, Huntington Beach.

Birthday Celebrated With Dinner Party

A birthday dinner was shared recently by a group of friends when Mr. and Mrs. Frank Brown entertained in their home at 924 South Garnsey street, in observance of Mr. Brown's birthday anniversary. Included in the delectable menu, which was served at 12:30 o'clock, were fried rabbit, ice cream and a prettily decorated birthday cake. Gladness and other flowers formed the floral decorations for the affair.

Place cards at dinner were written for Mrs. Elizabeth Montague and her niece, Miss Gloria Turner, of Belvedere Gardens; Mr. and Mrs. Adolph Erickson, West Sixth street, and the hosts, Mr. and Mrs. Brown. The honor guest received several nice gifts.

The MIXING BOWL by ANN MEREDITH

How To Treat a Hostess

Much has been written about the fine art of hospitality. Mary Roberts Rinehart in a recent magazine article, says that hostesses are of two kinds: the Marthas, who are concerned with what they plan to do for the guest, and the Marys, who are chiefly concerned with the happiness of the guest, and only casually interested in the food.

I agree with her, but I want to go a step further and comment on the duties of the guest to the hostess. When visiting in a house don't be a hopeless "yes-sir." Have opinions of your own and express them.

If your hostess tucks you under her arm and takes you along to market, don't stymie her by saying you like spinach just as well as you like asparagus when she asks your preference.

You know you don't, so do speak up and do your part in the fascinating game of hospitality. Your hostess is paying you a compliment in trying to find what pleases your taste, see that you do your part.

Another duty the guest owes the hostess is to leave her a few hours to herself. Invent an errand for yourself, or say that you are in need of a nap—anything that will allow her to take a long breath and wipe the smile off her face.

The guest who is asked back is the one who fits into the atmosphere of the house and relieves the hostess of the feeling that she is responsible for every waking hour.

TODAY'S RECIPE

Rolls Oat Cookies

1 cup brown sugar
1 cup shortening
1 egg well beaten
2 cups rolled oats
1 cup sifted flour
1-2 teaspoon salt
1 teaspoon soda
2 teaspoons cream of tartar.

I know that some will question the use of soda and cream of tartar, and substitute baking powder for the two. If that is done, one-fourth teaspoon soda will be necessary also.

Brown sugar has an acid reaction, and that is why the combination of soda and cream of tartar fits in this recipe.

Thoroughly cream the shorten-

Two Pleasant Parties Are Complimentary To Miss Allen

Faculty Party

Miss Cleo Allen of the Franklin school faculty, who is to be the bride of Daniel Brook Lucas of Victorville in the late summer, was honored guest at two social affairs of recent date.

Miss Ethel Froeschle and Miss Hazel McFarland, fellow members at Franklin school, entertained at bridge in Miss Allen's honor. Lovely prizes were awarded Miss Alma Sweet, Miss Cleo Allen and Miss Nancy Laughhead. After the awarding of the prizes, the guests presented Miss Allen with a console set in topaz, the color she has selected for her table service.

Those present were Miss Ethel Froeschle, Miss Hazel McFarland, Miss Cleo Allen, Miss Alma Sweet, Miss Nellie Sweet, Mrs. Grace Knipe, Miss Maude Wherry, Mrs. Inez McRay, Miss Sadie McCaughy, Miss Rowena Newcom, Miss Jessie Scott, Miss Nancy Laughhead, Miss Frances Battey, Miss Fern Tedrow, Mrs. Gertrude Winchester, one of the Franklin teachers, was not able to be present.

Dinner Event

At the second of the week's parties complimenting the bride-to-be, Mr. and Mrs. Glen Tidball and their little daughter, Helen, welcomed the Franklin faculty members to their home at 1421 West First street.

Their hospitality took the form of a dinner party, and the tables, like the home, were ablaze with flowers gathered from the gardens of the home. Dinner partners were found by a unique method of matching flowers in individual bouquets.

At the conclusion of the delightful dinner menu, the guests devoted the evening hours to embroidering tea towels which were presented to Miss Allen, the honoree.

Miss Gertrude Potts was a guest of the evening in addition to the Franklin teachers.

Royal Neighbors

Making plans for the joint meeting and dance of the Royal Neighbors of America and Modern Woodmen of America held Tuesday night at the M. W. A. hall at 8 o'clock, the Royal Neighbors held the regular semi-monthly meeting Monday night.

Another important business matter discussed was the district meeting in Long Beach on June 19 as a climax to the Rainbow contests of the past year in all lodges. The meeting will be held at Fourth and Pacific streets in the beach city and will be in the form of a pageant, with a queen, ladies waiting and other court attendants.

The Santa Ana camp will contribute five ladies-in-waiting, Mrs. Pearl Laub, Mrs. Clara Blackwell, Mrs. Elva Crawford, Mrs. Margaret Park and Mrs. Enola Morse. Three Santa Ana members will also help with the refreshment arrangements, Mrs. Laura Dunlap, Mrs. Jean Tibbetts and Mrs. Grace Gross.

After the recent meeting, refreshments of creamed chicken on hot biscuit, salad served in red tomato cups and mints in red rose nut cups were enjoyed at tables decorated with vases of roses.

"GORILLA" CLOSES

RUN HERE TONIGHT

"The Gorilla" closing tonight at Walker's State Broadway as a stage play and sent a thrill and a laugh over the world as a silent picture.

But Ralph Spence, author of the original play, himself adapted the plot to the screen for its doubly exciting Vitaphone version, and in doing so added a great number of new surprises and mystery tangles for the benefit of the new production.

Walter Pidgeon and Lila Lee are the romantic leads and Joe Frisco, vaude headliner, and Harry Gribbon, of the stage and movie comedy fame, depict the dumb detective roles of Mulligan and Garrity.

Union of South Africa gold mines yielded 10,718,895 fine ounces of gold during 1930.

Loses 16 Pounds of Fat -- Eats As Usual

Fat Folks—Here's More Proof—One Bottle of Kruschen Salts and Sixteen Pounds Gone—Eats As Usual—Sleeps Better—Costs 85 Cents

Modern science now makes it possible for you to easily and what's best, to SAFELY obtain a bewitchingly lithe, free-from-fat figure and actually enjoy exhilarated health and increase your attractiveness while doing so—

Simply take a half teaspoonful of Kruschen Salts in a glass of hot water every morning before breakfast—you can hasten the reducing action of Kruschen by going lighter on potatoes, fatty meats and pastries.

Mrs. Ethel Smith of Norwich, Conn., writes: "I lost 14 lbs. with my first bottle of Kruschen. I feel so good in many ways. Being on night duty it was hard to sleep days but now since I am taking Kruschen I sleep plenty, eat as usual and lose fat, too. I have told two of my friends about Kruschen and they find it as I do."

Unlike other salts, Kruschen after-Adv.

POPULAR COMEDienne

Edna May Oliver, one of the funniest women of the screen, who has a principal role in "Forbidden Adventure" which opens at the Fox West Coast theater today. Louise Fazenda, Mitzi Green and Jackie Searl have the other leading roles.

CHILD COMEDY NEWEST JOAN CRAWFORD FILM STARTS TODAY AT WEST COAST

The makers of "Skippy" have built another picture. It is called "Forbidden Adventure," and it starts a two day run at the Fox West Coast theater today.

Like "Skippy" its cast includes two of the leading child actors of Hollywood, Mitzi Green and Jackie Searl, and it also has two of the finest comedienne in the business, Edna May Oliver, who will be remembered here in "Cracked Nuts" and Louise Fazenda.

The story concerns two mothers and their children. Louise Fazenda, as the mother of a noted child picture star, has won her way from wash tubs to the movie class and on her way from one location to another she stops at the home town to look it over her neighbor, Edna May Oliver, and her daughter, Mitzi Green. Miss Oliver is owner of the town's gasoline pump. Mitzi and her mother sell the pump and go to Hollywood where she too becomes a star.

It is then the battle between the two families start. It takes them to Europe and in a mixup with a king's son, the children are kidnapped and many other things happen before the climax of one of the funniest pictures that has been seen here this year.

Information is Joan Crawford has been given her greatest opportunity at a straight acting role in "Laughing Sinners," her newest Metro-Goldwyn-Mayer starring vehicle, which will head the bill at the Fox Broadway theater for the next three days.

The picture is a screen version of the Kenyon Nicholson play, "The Torch Song," one of New York's biggest dramatic hits of last season.

The star was again directed by Harry Beaumont, with whom she was associated in the filming of "Our Blushing Brides" and "Dance, Pools, Dance."

An imposing supporting cast includes Neil Hamilton, Clark Gable, Marjorie Rambeau, Guy Kibbee, Cliff Edwards, Roscoe Karns, Gertrude Short, George Cooper, George F. Marion and Bert Woodruff.

Frustrated Love Affair

Mitzi Green is seen as a cabaret singer who attempts to end her life when the traveling salesman whom she has loved wholeheartedly deserts her in order to marry his boss' daughter.

Members of a Salvation Army troupe come to her rescue and she attempts to start life anew in the charitable work of that organization.

A subsequent encounter with her

erstwhile lover brings about a conflict between spirit and flesh and results in which is said to be one of the most dramatic and ironic climaxes used on the screen.

PORT EVERY 10 MILES

LANSING, Mich.—A state aerial "highway" system, involving emergency landing fields every 40 miles and leveled landing strips every 10 miles along the state highways, is advocated for Michigan by Major Floyd Evans, state director of aeronautics. This project, if carried out, would cost millions of dollars, but would be worth millions to aviation, Evans contends.

If You Want a Good Old Fashioned Laugh!

If you want to know what happens when two mothers such as

BROADWAY

—COME IN AND SEE MY NEW WASHER, MRS. COYNE.

—OH, DID YOU GET ONE TOO!

—IT WORKS WELL, ONLY THE CLOTHES DON'T LOOK REALLY WHITE. I CAN'T SEEM TO GET NICE THICK SUDS

—I USE THAT WONDERFUL HARD-WATER SOAP-RINSO. IT MAKES THE WATER SOFT AS RAIN

Millions use Rinsol. Thousands write us letters like this.

"Creamy Suds in a jiffy!"

says Mrs. Irma Frye

1012 Riverine

"I always feel a little glow of pride when I hang out my snowy Rinsol wash—whiter than the whitest wash I ever got the old-fashioned way! And my colored things, so bright and new-looking! Rinsol's thick, lasting suds soak out the dirt. Lately I've been using Rinsol for dishes and all cleaning. A little gives a lot of creamy suds, instantly—even in our hard water."

MRS. IRMA FRYE

"Safe!" say makers of leading machines

The makers of 40 leading washing machines recommend Rinsol for safety and for whiter clothes. You can trust your finest cottons and linens to Rinsol's creamy suds.

Great for tub washing. Soaks clothes whiter than they can be scrubbed. Saves boiling, too. Cup for cup, Rinsol gives twice as much suds as lightweight, puffed-up soaps. No softener needed, even in hardest water! Get the BIG package. Try it for dishes.
